Changes to Risk Register since Monitor 4

Key Corporate Risk	Changes
KCR1 Financial Pressures	New risk detail and implications (re interest rates)
KCR2 Governance	One action completed, one action updated
KCR3 Effective and Strong	New control (ICS)
Partnerships	
KCR4 Changing Demographics	None
KCR5 Safeguarding	None
KCR6 Health and Wellbeing	Risk details and controls updated
KCR7 Capital Programme	None
KCR8 Local Plan	None
KCR9 Communities	Revised dates for actions; revised risk detail (re cost of living crisis)
KCR10 Workforce/ Capacity	Revised date for one action; three new actions added
KCR11 External Market	Revised date for action
Conditions	
KCR12 Major Incidents	New risk detail, action completed

KCR 1 FINANCIAL PRESSURES: The ongoing government funding cuts and more recently the impact of Covid will continue to have an impact on council services. Over the course of the last 10 years there has been a substantial reduction in government grants leading to significant financial savings delivered. The council needs a structured and strategic approach to deliver the savings in order to ensure that any change to service provision is aligned to the council's key priorities. In addition, other partner organisations are facing financial pressures that impact on the council.

	inflation will reduce the overall funding available to the Council and may therefore lead to reductions in service levels in some areas.							

KCR 2 GOVERNANCE: Failure to ensure key governance frameworks are fit for purpose. With the current scale and pace of transformation taking place throughout the organisation it is now more important than ever that the council ensures that its key governance frameworks are strong particularly those around statutory compliance including information governance, transparency and health and safety.

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact	Controls	Net Likelihood	Net Impact		Risk Owner and Actions

			The LGA will review and report on the achievement of PIR actions		
			Member training in respect of the Code of Conduct and conflict of interests.		

KCR 3 EFFECTIVE AND STRONG PARTNERSHIPS: Failure to ensure partnership arrangements are fit for purpose to effectively deliver outcomes. In order to continue to deliver good outcomes and services, the council will have to enter into partnerships with a multitude of different organisations whether they are public, third sector or commercial entities. The arrangements for partnership working need to be clear and understood by partners to ensure they deliver the best possible outcomes.

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
Failure to effectively monitor and manage partnerships Partner (especially NHS, Academies) financial pressures may affect outcomes for residents Unilateral decisions made by key partners may effect other partners' budgets or services Financial pressure on York and Scarborough Teaching Hospitals NHS Foundation Trust (YTHFT) and the Humber and North Yorkshire Health and Care Partnership ICS Board (previously Vale of York Clinical Commissioning Group (VOYCCG), which may have worsened further due to Covid-19	Key partnerships fail to deliver or break down Misalignment of organisations' ambitions and direction of travel Ability to deliver transformation priorities undermined Adverse impact on service delivery Funding implications Reputational impact	Probable	Major (20)	Account management approach to monitoring key partnerships. CMT identified the 60 organisations who have the most potential to influence or affect organisational aims and priority outcomes for residents, and monitors on a quarterly basis. Each Corporate Director and the Chief Executive lead on specific relationships. Internal co-ordination such as Creating Resilient Communities Working Group (CRCWG) meet regularly to understand which areas of the council are working with different partners and what is happening across these agendas. There were many positive examples that partnerships worked well together in the event of the Covid-19 emergency and successfully deals with issues; e.g. the YCAB partnership; collaboration with DoE The York Place Board established within the governance structure of the Humber & North Yorkshire ICS (currently called the York Health and Care Alliance) will have an important role in monitoring the effectiveness of		Moderate (14)	No change	No current actions

Risk Detail (cause)	Gross Likelihood	 Controls	Net Likelihood	Net Impact	Risk Owner and Actions
		partnerships locally and delivery of quality services			

KCR 4 CHANGING DEMOGRAPHICS: Inability to meet statutory duties due to changes in demographics. York has a rapidly changing demographic in relation to both residents and business. This brings with it significant challenges particularly in the delivery of adult social care and children's services. The council needs to ensure that community impacts are planned for and resourced.

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
Demographic of workforce supply unable to meet workforce demand Failure to plan for the impact of a rapid change in demographics to front line service provision The impact of Covid-19 may disproportionately affect certain demographics; eg BAME and the older community are more likely to suffer health issues, blue badge holders affected by city centre changes, younger people by job losses The impact of Covid-19 accentuates the risk of widening inequalities				Internal co-ordination such as Creating Resilient Communities Working Group (CRCWG) York Skills Plan The Education Planning Team have completed a review of demographic data to determine the impact on schools Community Impact Assessments are carried out before decision making Redesign and implementation of new arrangements for early help and prevention Ongoing analysis of the Local Plan and Major development projects demographic data to determine the impact on all CYC services.				

KCR 5 SAFEGUARDING: A vulnerable child or adult with care and support needs is not protected from harm. Ensuring that vulnerable adults and children in the city are safe and protected is a key priority for the council. The individual, organisational and reputational implications of ineffective safeguarding practice are acute.

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
Failure to protect a child or vulnerable adult from death or serious harm (where service failure is a factor) Potential for an increased demand on Children's and Adult services after Covid- 19 measures are lifted	Vulnerable person not protected Children's serious case review or lessons learned exercise Safeguarding adults review Reputational damage Serious security risk Financial implications, such as compensation payments Financial and resource implications of an increase in demand once the Covid 19 measures are lifted	Probable	Major (20)	Safeguarding sub groups Multi agency policies and procedures Specialist safeguarding cross sector training Quantitative and qualitative performance management Reporting and governance to lead Member, Chief Executive and Scrutiny Annual self assessment, peer challenge and regulation Audit by Veritau of Safeguarding Adults processes Children's and Adults Safeguarding Boards (LSCB & ASB) Ongoing inspection preparation & peer challenge National Prevent process DBS checks and re-checks Effectively resourced and well managed service	Possible	Major (19)	No change	No current actions

			Chief Officer Group which brings together Chief Officers from relevant organisations in relation to safeguarding eg police, CYC				
			Children's Social Care records system is upgraded. This is monitored by a project board. Ongoing development is planned and awaiting costings.				
			Ongoing work to ensure capacity is assured to enable any increase in demand to be met after Covid-19 restrictions are lifted				
			Use of different methods of contact methods for vulnerable children, such as facetime, alongside working with the DoE and Ofsted				
			Improvement Plan for Children's social care in place since 2020				
			Improvement Plan for Adult Social Care to address current budget pressures in place May 2021				

KCR 6 HEALTH AND WELLBEING: Failure to protect the health of the local population from preventable health threats through preventable control measures.

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact	Controls	Net Likelihoo d	Net Impact	Direction of Travel	Risk Owner and Actions
Failure to protect the health of citizens against preventable disease by ensuring appropriate levels of vaccination, immunisation and screening. Failure to ensure there are plans in place to respond to wide-scale impacts on the health of citizens from future pandemics, infectious diseases and the health impacts of adverse weather impacts The impact of the non or late diagnosis of health issues due to the impact of Covid-19 on health services. Failure to protect citizens from the adverse health impacts of climate change Failure to protect citizens from the adverse impacts of climate change	outbreaks Late diagnosis & delay in treatment of health conditions that could be identified earlier through routine screening e.g. breast & cervical cancer, diabetic sight loss Reduction in life expectancy	Probable	Major (20)	York Health Protection Committee is in the process of being relaunched with to ensure good engagement with partners locally and regionally. The Health Protection Committee will produce an Annual Health Protection Report for the Health and Wellbeing Board and Health & Adult Social Care Policy and Scrutiny Committee CYC Director of Public Health is co- chair of the recently established Humber and North Yorkshire Health and Care Integrated Care Board Local Health Resilience Partnership. Health protection governance arrangements are subject to regular inspection through the internal audit cycle. Mass vaccination programme for flu and Covid The 2020 to 2022 Director of Public Health Annual Report is focused on the response to the COVID-19 pandemic and makes a number of recommendations. Report will be approved for publication by the council Executive.	Probable	Moderate (15)	No change	No current actions Whilst the Covid pandemic has not been declared over, the Government moves to the next phase of living with Covid from 1 st April 2022. Therefore our emergency outbreak response phase is over.

Risk Detail (cause)	· · · · /	Gross Likelihood		Net Likelihoo d	Net Impact	Risk Owner and Actions
			Climate change mitigation and adaptation programme			

KCR 7 CAPITAL PROGRAMME: Failure to deliver the Capital Programme, which includes high profile projects. The capital programme currently has a budget of £531m from 2022/23 to 2026/27. The schemes range in size and complexity but are currently looking to deliver two very high profile projects, Castle Gateway and York Central, which are key developments for the city.

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
Complex projects with inherent risks Large capital programme being managed with reduced resources across the Council Increase in scale of the capital programme, due to major projects and lifting of borrowing cap for Housing	Additional costs and delays to delivery of projects The benefits to the community are not realised Reputational Damage Pausing or stopping projects as a result of Covid-19 may create some compliance issues and may mean that existing projects require	Probable	Major (20)	Project boards and project plans Regular monitoring of schemes Capital programme reporting to Executive and CMT Financial, legal and procurement support included within the capital budget for specialist support skills Project Management Framework	Possible	Moderate (14)	No change	Development of capital strategy for 2023/24 (Debbie Mitchell, 31/01/2023)
Cost pressures due to increasing inflation rate (particularly in Construction where 20-30% increase in costs are being seen)	extensions			Additional resource to support project management Capital Strategy 2022/23 to 2026/27 approved in Feb 2022 Capital Programmes are sufficiently staffed to deliver to timescales				
NEW Continued interest rate increases through to Sept 2023	Increased interest rates and the continued impact of inflation will reduce the overall funding available to the Council and may therefore iead to reductions in service levels in some areas.			Internal Audit Report gave reasonable assurance on project management arrangements Ongoing procurement and legal review to highlight any issues which may arise as a result of pausing projects due to Covid-19				

KCR 8 LOCAL PLAN: Failure to develop a Local Plan could result in York losing its power to make planning decisions and potential loss of funding. The council has a statutory duty to develop a Local Plan, a city wide plan, which helps shape the future development in York over the next 20 years. It sets out the opportunities and policies on what will or will not be permitted and where, including new homes and businesses. The Local Plan is a critical part of helping to grow York's economy, create more job opportunities and address our increasing population needs.

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
Failure to agree and adopt a Local Plan for the City.	The Local Plan Examination process continues and the policies in draft Local Plan is a "material planning	Probable	Major (20)	The Plan is at the Hearing stage of the Examination Process (which commenced Dec 2019)	Possible	Major (19)	No change	Ongoing action: Monitoring of controls
The Draft Local Plan has started but not completed the Examination stage. There remains a risk that if the Plan fails this stage more work may be required and / or the plan has to be withdrawn by Council and submitted again after the evidence base has been	Plan may continue to be submitted as planning applications, resulting in refusals of planning			Correspondence as to the latest local plan position is regularly published on the Councils website to ensure all parties are kept abreast of the Planning Inspector and CYC dialogue. KCR 9 COMMUNITIES: Failure to ensure we have resilient, cohesive, communities who are empowered and able to shape and deliver services. The council needs to engage in meaningful consultation with communities to ensure decisions taken reflect the needs of residents, whilst encouraging them to be empowered to deliver services that the council is no longer able to do. Failing to do this effectively would mean that services are not delivered to the benefit of those communities or in partnership.

Risk Detail (cause)	Implications (consequence)	Gross Likelihood		Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
Failure to effectively engage with the communities we serve Failure to contribute to the delivery of safe communities Failure to effectively engage stakeholders (including Members and CYC staff) in the decision making process Failure to manage expectations Communities are not willing/able to fill gaps following withdrawal of CYC services Lack of cohesion in the planning and use of CYC and partner community based assets in the city Revised Failure to mitigate wider determinants of health/deprivation impacts	Lack of buy in and understanding from stakeholders Alienation and disengagement of the community Relationships with strategic partners damaged Impact on community wellbeing Services brought back under council provision – reputational and financial implications Budget overspend Create inefficiencies Services not provided Poor quality provision not focused on need, potential duplication, ineffective use of resources, difficulty in commissioning community services e.g. Library services	Probable	Major (20)	Resilient Communities Strategy Group in place New early help and prevention community based service delivery models in People & Customer & Communities Revised Community Safety Plan Devolved budgets to Ward Committees and delivery of local action plans through ward teams Improved information and advice, Customer Strategy and ICT support to facilitate self service CYC Staff and Member training and development Community Safety Strategy approved on 2 March 2020 covering the period 2020-2023 Community Hubs set up to support residents through pandemic Roll-out of the Community hubs model as agreed in Oct 2020	Possible	Major (19)	Revised dates	Access Officer role to be recruited to, interim Consultant being engaged REVISED DATE (Pauline Stuchfield, October 2022) Approval of Financial Inclusion Framework REVISED DATE (Pauline Stuchfield Autumn 2022)

KCR 10 WORKFORCE/ CAPACITY: Reduction in workforce/ capacity may lead to a risk in service delivery. It is crucial that the council remains able to retain essential skills and also to be able to recruit to posts where necessary, during the current periods of uncertainty caused by the current financial climate and transformational change. The health, wellbeing and motivation of the workforce is therefore key in addition to skills and capacity to deliver.

	More agile and flexible working may also result in increased retention of staff and increase the attraction of candidates for vacant positons.			Increased help and awareness of staff wellbeing and mental health as a result of the new ways of working including Covid secure workspace, provision of PPE, establishment of office readiness group, regular communication and information sessions, advice, risk assessments, help with home office and ICT equipment, absence systems, symptom free testing and vaccinations, close working with Public Health. Business Continuity Planning to assist with redeployment of staff or reduction of service during times of shortage eg HGV drivers Managers being equipped with the right training to manage and lead teams and workforce plan Review of job descriptions and not one size fits all Retention payments and market supplements agreed for key posts				impact is being assessed. (Helen Whiting, December 2022)

KCR 11 EXTERNAL MARKET CONDITIONS: Failure to deliver commissioned services due to external market conditions.

The financial pressures experienced by contracted services (in particular Adult Social Care providers) as a result of increases to the living wage and Covid-19 could put the continued operation of some providers at risk. The Council has a duty to ensure that there is a stable/diverse market for social care services delivery to meet the assessed needs of vulnerable adults/children.

Some services provided by the Council cannot be provided internally (eg Park and Ride) and must be commissioned. External market conditions such as the number of providers willing to tender for services may affect the Council's ability to deliver the service within budget constraints.

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions

			The Council's market position statement is regularly reviewed			
			Adoption of the 'team around the home' approach undertaken jointly with Public Health colleagues, supporting providers (in particular during the pandemic)			

KCR 12 MAJOR INCIDENTS: Failure to respond appropriately to major incidents. Local Authorities are required by law to make preparations to deal with emergencies. Local Authorities have four main responsibilities in an emergency 1. to support the Emergency Services, 2. to co-ordinate non-emergency organisations, 3. to maintain their own services through a robust Business Continuity Management process, 4. to facilitate the recovery of the community and 5. since 2013 the council also has a statutory duty to protect the health of the population under the Health and Social Care Act 2012 and the transfer of public health responsibilities to local authorities. The Council must ensure that its resources are used to best effect in providing relief and mitigating the effects of a major peacetime emergency on the population, infrastructure and environment coming under it's administration. This will be done either alone or in conjunction with the Emergency Services and other involved agencies, including neighbouring authorities.

Risk Detail (cause)	Implications (consequence)	Gross Likelihood		Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
An uncoordinated or poor response to a major incident such as: • Flood • Major Fire • Terrorist Attack • Pandemic Failure to protect citizens from the adverse impacts of climate change NEW Potential for rolling commercial power outages over winter	Serious death or injury Damage to property Reputational damage Potential for litigation Potential for corporate manslaughter charges if risks are identified and proposed actions not implemented Reduction in life expectancy	Probable	Catastrophic (24)	Emergency planning and Business Continuity Plans in place and regularly reviewed Strong partnerships with Police, Fire, Environment Agency and other agencies Support to Regional Resilience forums Support and work in partnership with North Yorkshire local resilience forums Investment in Community Resilience (re Flooding) Work with partners across the city to minimise the risk of a terrorist attack Implemented physical measures for certain events Review of city transport access measures	Possible	Major (19)	No change	COMPLETED Ongoing action: Regular review of emergency and business continuity plans (Neil Ferris, 31/6/22) Improvements to enhance flood protection (The Environment Agency)
