Subject: Ref (lpr1.9353)lease of chapmans pond

Hi good morning, the questions I would like asked are:- we some of the Bramble dene residents went to a meeting quite awhile ago, mostly with the majority being fishermen, with achange in control of the pond,reading between the lines the committee had not got much money? If so how will they afford the lease? Not only that what will happen to the ground if the lease is not taken by the pond committee? What do they propose to do? They cannot stop night fishing as it is,people at all hours with torches? Thanks Bruce Beddows 68 Bramble dene.
