### **Changes to Risk Register since last update (March 2023)**

Key Corporate Risk	Changes
KCR1 Financial Pressures	New action for completion of this year's financial strategy
KCR2 Governance	New control in respect of the members induction programme; revised date for ongoing action
KCR3 Effective and Strong	No updates at this monitor
Partnerships	
KCR4 Changing Demographics	One action completed; one new action regarding anti-racism action plan. One new control.
KCR5 Safeguarding	New risk detail added regarding statutory inspection and revised controls
KCR6 Health and Wellbeing	No updates at this monitor
KCR7 Capital Programme	New action in respect of the new Financial Strategy
KCR8 Local Plan	Revised dates for actions
KCR9 Communities	New control. One new action and one action completed
KCR10 Workforce/ Capacity	New action regarding this year's pay award. Updates made to ongoing actions. Controls
	updated for references to Covid and potential strike action.
KCR11 External Market Conditions	Action completed
KCR12 Major Incidents	One action updated; one new action and new risk detail regarding extreme weather events

KCR 1 FINANCIAL PRESSURES: The ongoing government funding cuts and more recently the impact of Covid and cost of living crisis will continue to have an impact on council services. Over the course of the last 10 years there has been a substantial reduction in government grants leading to significant financial savings delivered. The council needs a structured and strategic approach to deliver the savings in order to ensure that any change to service provision is aligned to the council's key priorities. In addition, other partner organisations are facing financial pressures that impact on the council.

KCR 2 GOVERNANCE: Failure to ensure key governance frameworks are fit for purpose. With the current scale and pace of transformation taking place throughout the organisation it is now more important than ever that the council ensures that its key governance frameworks are strong particularly those around statutory compliance including information governance, transparency and health and safety.

				<b>NEW</b> New induction programme for elected members				

KCR 3 EFFECTIVE AND STRONG PARTNERSHIPS: Failure to ensure partnership arrangements are fit for purpose to effectively deliver outcomes. In order to continue to deliver good outcomes and services, the council will have to enter into partnerships with a multitude of different organisations whether they are public, third sector or commercial entities. The arrangements for partnership working need to be clear and understood by partners to ensure they deliver the best possible outcomes.

crisis and a reduction in volunteering on voluntary and community sector				community sector as part of prevention and early help work)  There were many positive examples that partnerships worked well together in the event of the Covid-19 emergency and successfully deals with issues; e.g. the YCAB partnership; collaboration with DoE  Commissioners and the NHS place directors are working closely to deliver				
				a number of key joint services across health and social care.  The York Health and Care Board is now in place chaired by Ian Floyd, which supports an integrated decision-making approach across organisations				

KCR 4 CHANGING DEMOGRAPHICS: Inability to meet statutory duties due to changes in demographics. York has a rapidly changing demographic in relation to both residents and business. This brings with it significant challenges particularly in the delivery of adult social care and children's services. The council needs to ensure that community impacts are planned for and resourced.

	therefore lead to reductions in service levels in some areas.						

KCR 8 LOCAL PLAN: Failure to develop a Local Plan could result in York losing its power to make planning decisions and potential loss of funding. The council has a statutory duty to develop a Local Plan, a city wide plan, which helps shape the future development in York over the next 20 years. It sets out the opportunities and policies on what will or will not be permitted and where, including new homes and businesses. The Local Plan is a critical part of helping to grow York's economy, create more job opportunities and address our increasing population needs.

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact		Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
	There may be a negative impact on the council's strategic economic goals and may have an adverse impact on investment in the city until there is an adopted Local Plan which provides greater direction through land use allocations and policies which guide and direct development.  For some major planning applications which may be supported by the Council the development processes and decision making is slowed down by need to refer application to the Secretary of State for Levelling Up, Housing and Communities for consideration as to whether a Public Inquiry should be held or not.  Central government (DLUHC) have already identified York as a high priority to produce a Local Plan. The failure to prepare and produce a Local Plan in accordance with the timescale accepted by central government could possibly result in action from the Secretary of State for Levelling Up, Housing and			The appointed planning Inspectors.  The Local Plan Working Group (LPWG), the Executive and full Council have all been engaged in the plan making process at appropriate stages and before submission of Draft Local Plan for Examination.  Corporate Director for Place weekly monitoring / management of the process  Additional resources to ensure delivery within timescales

	Communities to directly intervene in the plan making process.						

KCR 9 COMMUNITIES: Failure to ensure we have resilient, cohesive, communities who are empowered and able to shape and deliver services. The council needs to engage in meaningful consultation with communities to ensure decisions taken reflect the needs of residents, whilst encouraging them to be empowered to deliver services that the council is no longer able to do. Failing to do this effectively would mean that services are not delivered to the benefit of those communities or in partnership.

KCR 10 WORKFORCE/ CAPACITY: Reduction in workforce/ capacity may lead to a risk in service delivery. It is crucial that the council remains able to retain essential skills and also to be able to recruit to posts where necessary, during the current periods of uncertainty caused by the current financial climate and transformational change. The health, wellbeing and motivation of the workforce is therefore key in addition to skills and capacity to deliver.

Risk Detail (cause)	Implications (consequence)		Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
The necessity to deliver savings has resulted in a reduced workforce requiring new and specialist skills  Recruitment and retention difficulties as the council may be seen as a less attractive option than the private sector  Lack of succession planning  HR Policies may not be consistent with new ways of working (eg remuneration policy)  Uncertainty around long term funding from central government.  Reduction in posts due to	Increased workloads for staff Impact on morale and as a result, staff turnover in key services impacting on business continuity and performance Inability to maintain service standards Impact on vulnerable customer groups Reputational damage as a current and prospective	Gross Likelihood Probable		Organisational Development Plan (replaces Workforce Strategy/ People Plan)  Stress Risk Assessments  PDRs  Comprehensive Occupational Health provision including counseling  HR policies e.g. whistleblowing, dignity at work  Development of coaching/ mentoring culture to improve engagement with staff  Corporate Cost Control Group monitoring of absence and performance reporting  Apprenticeship task group  Agency and Interim Staffing Policies  Absence Management Policies	Likelihood		of Travel

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
Potential strike action impacting on delivery of services. Ongoing school strikes and wider transport strikes also implicate on workforce availability.  Lack of qualified workforce (eg care staff, HGV drivers)  Ongoing national skills shortage  Pay structure issues causing pressure at lower end having knock on impact on middle grades and especially supervisory roles around Grade 5  NEW  Sickness absence levels remain high. COVID infections likely to be a feature of winter months, with reduced testing and no need to test and report, staff may be impacted. Important to remind re flu vaccinations and COVID vaccinations for those eligible.	Impact on the health & wellbeing of staff has been and will be significant and may increase early retirements and leavers. Due to  • Remote working (working from home) can have a negative impact on wellbeing. • Work life balance – unable to separate work from home due to work being carried out within the home • Ongoing vacancies and volume of work in hard to recruit roles  However many staff may see an increase in their Health & Well Being due to more agile working. Having greater flexibility between work and home life.  More agile and flexible working may also result in increased retention of staff and increase the attraction of candidates for vacant positions.	Likelinood	Impact	A Workplace Health & Wellbeing Group has been established with staff & trade union representation which is chaired by the Head of HR.  A staff health & wellbeing survey has been undertaken & this is being followed up by staff focus groups.  Increase in regulatory compliance to protect the workforce eg Health and Safety regulations, working time directives  Increase in Living wage (although there is no control over this rate and conflicts with NJC rates)  Engagement with staff that had concerns about the EU settlement Scheme for European Citizens and offer of support through York Learning, Registrars and Citizens' Advice Bureau  Joint Health and Safety Board and regular review of support for staff  Improved frequency of informal and formal meetings with Trade Unions to improve communications and relationships	LIKEIINOOG	Impact	Of Travel	New ideas have already been implemented and these will be ongoing and bespoke to the role and service area. Employer Brand project continues, promoting our employer benefits.  (Helen Whiting, 30/09/2023)  NEW  Awaiting the outcome of negotiations of the national 2023/24 pay award and impact on pay model (Helen Whiting, 31/12/2023)
NEW Stress sickness absence remains the highest	<b>NEW</b> Reduction in agency spend is a positive however, a			UPDATED Increased help and awareness of staff wellbeing and mental health; monthly

absence reason, importance of managing stress and potential burnout of staff.	reduced spend will impact on Teckal arrangements for City of York Trading (operating as Work With York)			make a difference communications which focuses on wellbeing  Business Continuity Planning to assist with redeployment of staff or reduction of service during times of shortage eg HGV drivers  Managers being equipped with the right training to manage and lead teams and workforce plan  Review of job descriptions and not one size fits all  Retention payments and market supplements agreed for key posts  HR Advisory circulars now being issued to managers  2022/23 pay award accepted and implemented			

#### KCR 11 EXTERNAL MARKET CONDITIONS: Failure to deliver commissioned services due to external market conditions.

The financial pressures experienced by contracted services (in particular Adult Social Care providers) as a result of increases due to the cost of living crisis could put the continued operation of some providers at risk. The Council has a duty to ensure that there is a stable/diverse market for social care services delivery to meet the assessed needs of vulnerable adults/children.

Some services provided by the Council cannot be provided internally (eg Park and Ride) and must be commissioned. External market conditions such as the number of providers willing to tender for services may affect the Council's ability to deliver the service within budget constraints.

Cost pressures due to conflict in Ukraine			Ongoing work with providers to set a York cost of care			
			Local policies in place for provider failure			
			Ongoing attendance at Independent Care Group Provider Conference			
			DASS will have oversight of market sustainability. The appointment of a Head of Commissioning starting in Jan 2023 will co-produce a market position statement with health colleagues and providers			
			Focus on prevention and early support to ensure residents are supported to stay at home for longer			
			Co-producing model of care with people using services and their carers			
			The Council's market position statement is regularly reviewed			

KCR 12 MAJOR INCIDENTS: Failure to respond appropriately to major incidents. Local Authorities are required by law to make preparations to deal with emergencies. Local Authorities have four main responsibilities in an emergency 1. to support the Emergency Services, 2. to co-ordinate non-emergency organisations, 3. to maintain their own services through a robust Business Continuity Management process, 4. to facilitate the recovery of the community and 5. since 2013 the council also has a statutory duty to protect the health of the population under the Health and Social Care Act 2012 and the transfer of public health responsibilities to local authorities. The Council must ensure that its resources are used to best effect in providing relief and mitigating the effects of a major peacetime emergency on the population, infrastructure and environment coming under it's administration. This will be done either alone or in conjunction with the Emergency Services and other involved agencies, including neighbouring authorities.
