York St John University has invested between £60m-£70m between 2000-2008 in the Lord Mayor's Walk site of which nearly £47m has been directly or indirectly invested in Arts and Creative Media. Most of this has been sourced via the University's own funds or the Higher Education Funding Council for England (Hefce).

In terms of investment in the Arts and Creative Media between the period 2009-2015, the University anticipate;

- investing between £7m -£10m over this nine-year period, the source of these funds being either self-generated or Hefce funding which will of course be subject to future Government policies and economic pressures. Investment will be supplemented through development funding via voluntary donations.

- It is highly likely that a significant proportion of the £7m - £10m will underpin investment in Arts/Creative Media - Performance activities.

- It is hoped that that the YSJU anticipated investment figure will be enhanced as a consequence of RDA and Arts Council funding.

- The Estate Strategy Ill 2008-2018 document has been informed by a very detailed, exciting and ambitious Faculty of Arts development plan which includes the creation of Postgraduate / Business Incubation space.

Currently there are some 1,820 students in the Arts/Creative Faculty at the University and there are aspirations to introduce a number of courses - underpinned by the Faculty of Arts development plan - which relate to the Cultural Quarter;

- Creative Writing
- Further Community Arts courses
- More Design options - furniture, textiles, interior and multimedia
- Growth in the number of Dance places
- More Modern Languages provision
- Tourism Management course
- Cultural History course
- Peace Studies

There are associated developments in terms of new build, space adaptation or refurbishment of buildings over the period 2009-2018 to provide facilities for these courses as well as postgraduate and business incubation space. These buildings will be the Wilmot Building (digital technologies), a Design and Technology Building, developments at the Fountains Learning Centre for creation of a Mac Suite amongst others - including space for the development of music technology facilities.
