# ***Making York a Safer City***

## **Introduction**

This is the 9<sup>th</sup> Community Safety Strategy produced by Safer York Partnership since it was established in 1998 under the Crime and Disorder Act. The Crime and Disorder Act 1998 states that Community Safety Partnerships are required to work together in formulating and implementing strategies to tackle local crime and disorder and to have in place partnership plans setting out their priorities.

The priorities contained within this strategy have been identified through a Safer York Partnership Development Session and are aligned to Home Office National Priorities, the North Yorkshire Police and Crime Plan and City of York Council plan priorities. They also take into account community intelligence and information. Some of these priorities are delivered through joint structures with our Neighbouring Local Authority, North Yorkshire Council recognising that one police force (North Yorkshire) covers both local authority areas. Using a Public Health approach, the partnership will look holistically at the community safety issues identified within each priority and using an approach based on early intervention and prevention, and where appropriate, enforcement, will work with partners to develop innovative and effective solutions.

Throughout its existence, the partnership has developed and changed to ensure that it is addressing those issues of community safety which impact most significantly on quality of life for those who live in, work in or visit the City of York. Each year the strategy will be reviewed to ensure that it has the flexibility to address new and emerging trends, ensuring that we are continuing to use local resource to best effect in addressing local needs. The priorities within this strategy are not exclusive and many are linked. The role of Safer York Partnership is to coordinate organisations to address the links and ensure that the correct powers and capabilities across the Partnership are utilised. It can then help organisations focus on ensuring the available resources are focused on the priorities so that the partnership delivers in the most effective and efficient way.

# KEEPING THE CITY CENTRE SAFE

Keeping the City Centre Safe is a priority for Safer York Partnership. York City Centre is an international tourist destination, attracting over 8 million visitors per annum. The City Council has adopted the My City Strategy which recognises the tensions between a tourist destination as well as a city centre which serves its residents. At the heart of this strategy is a family friendly city centre. York has a compact mix of residential, commercial and licensed premises. This can result in conflict between different user groups and lead to a negative perception of the city as a safe place. This is not borne out by the actual crime figures and York is one of the safest cities in the UK.

Like many cities, York is changing as consumer shopping habits have changed but it's small independent shops, festivals and events and extensive hospitality offering continue to keep it vibrant and attractive to both visitors and local residents. This will be further enhanced through the delivery of some major development plans which will ensure that York remains a popular and thriving city into the future.

Working through the BID Safe Partnership, the Council, Police and other key stakeholders work together to ensure to address emerging community safety issues in the city centre including hate crime associated with the night time economy.

# COUNTER TERRORISM: PROTECT, PREPARE, PREVENT

## Protect & Prepare

Since 2017, York has had an active multi-agency Protect and Prepare Group which has undertaken extensive work to increase security in the City Centre and for all major events hosted within the City. This work has achieved National recognition and has contributed to a North East Regional pilot working to develop guidance that will support the implementation of the Protect Duty (Martyn's Law) which comes into effect in 2023.

The partnership acknowledges that the introduction of physical Counter Terrorism measures which include installation of barriers, and restriction of access to certain areas of the city will cause some community tensions. There is a need to ensure that visitors and residents understand the National threat risk and importance of protective security measures and how this links to both the priorities of Keeping the City Centre Safe and Safe and Supported Communities. Research evidence has shown that community intelligence and vigilance plays a key role in defeating terrorism.

The Protect and Prepare group has developed an action plan which includes a range of interventions designed not only to strengthen the visual deterrent to terrorism in the city but also includes training and awareness for staff working in local businesses to be vigilant and able to recognise suspicious behaviour. The group organises regular FREE training throughout the year and is working closely with Safer York Business Partnership to improve communication with the business community that could be essential in the event of an attack (or indeed any major incident).

## Prevent

The Counter Terrorism and Security Act 2015 placed a duty on the Local Authority play a wider role in the Prevent agenda, leading on the Channel Process to assess the risk associated with radicalisation and put in place measures to mitigate that risk. Membership of the Channel Panel includes a range of services with the council and partners including Health, Probation and Police. York's approach ensures that the wider safeguarding needs of individuals and their families are also considered alongside Prevent concerns and ensures that these needs are also being addressed in tandem with any interventions prescribed by the panel. When cases are closed to Channel, assurance is always sought to ensure that wider safeguarding support continues.

Prevent is strategically managed at a sub-regional level through a York and North Yorkshire Prevent Partnership Board whose agenda is led by the Counter Terrorism Local Profile (CTLP). Recommendations contained in the CTLP are delivered locally through the Prevent Local Delivery Group which has an established annual action plan. A recently published Independent Review of Prevent Nationally will further develop the way in which the Prevent agenda is delivered locally. Work undertaken through the Hate Crime Working Group also contributes to the Prevent agenda as the two issues are not discrete.

# DOMESTIC ABUSE

The Domestic Abuse Act 2021 places statutory requirements on local authorities to improve governance of Domestic Abuse, whilst ensuring the appropriate and accessible provision of safe accommodation for victims. In York, the Domestic Abuse agenda is delivered through the Domestic Abuse Local Partnership Board. In addition, a York and North Yorkshire Joint Commissioning Group ensures a collaborative approach between City of York Council, North Yorkshire Council and the Office of the Police Fire and Crime Commissioner for North Yorkshire, ensuring an equitable access to provision of support across both authorities. This joint commissioning group reports to both the York and North Yorkshire Domestic Abuse Local Partnership Boards.

Prevention is a significant element of the Domestic Abuse programme, ensuring that there is a close working relationship with schools, colleges and young people to focus on developing healthy relationships and raising awareness of unhealthy behaviours.

Domestic abuse specialist services are in place to both support victims of domestic abuse and to work with the perpetrators requiring support in changing their behaviour.

The statutory duty also includes the management and oversight of the Domestic Homicide Review process where cases are approved as meeting the criteria i.e. a review of the circumstances in which the death of a person aged 16 or over has, or appears to have, resulted from violence, abuse or neglect by— (a) a person to whom he was related or with whom he was or had been in an intimate personal relationship, or (b) a member of the same household as himself, held with a view to identifying the lessons to be learnt from the death. The criteria also now includes death by suicide, where circumstances related to the death indicate a link with domestic abuse or controlling and coercive behaviour

## **Safe and Supported Communities**

This priority is a cross cutting priority with links to all other priorities when considering the need to raise awareness, educate and empower communities to build confidence in reporting neighbourhood crime, antisocial behaviour and community tensions.

City of York Council Ward committees provide the platform for two way engagement between partners responsible for delivering community safety outcomes and residents, and this relationship can be developed also through the Resilient Communities Strategy Group.

Where community safety issues impact on communities, a multi agency problem solving approach based on early intervention and prevention is used with the council working closely with the police and wider partners to deliver holistic problem solving plans. This includes ensuring that the safeguarding needs of victims are met through the inclusion of a wide range of support services and community connectors in the problem solving process.

Anti-social behaviour is addressed through an escalating approach with enforcement action as a last resort. A dedicated team of police and council officers make up the Community Safety Hub. The remit of this team is to ensure that where enforcement action is required, it can be taken efficiently and effectively through joint working. The team also has specific powers to tackle environmental antisocial behaviour, also using an escalated approach based on advice, education and behaviour change with enforcement as the final stage. The team work closely with York's Neighbourhood Policing Teams to identify emerging anti-social behaviour early and put in place proportionate measures to address it. This approach will also involve a wider range of partners through a multi-agency problem solving model.

A multi-agency York Hate Crime Partnership has been established for York and is working to deliver the Hate Crime Action Plan. This group reports to Safer York Partnership.

## SERIOUS ORGANISED CRIME INCLUDING COUNTY LINES, EXPLOITATION AND MODERN SLAVERY

Serious Organised Crime (SOC) whilst often associated with regional, national or international criminals impacts most within local communities. Organised Crime Groups will deploy intimidation tactics, exploit individuals and use violence for unlawful gain. A Serious Organised Crime Board for York and North Yorkshire focuses on how the National Serious Organised Crime Strategy is delivered across the City and County. It is supported by a multi-agency Disruption Panel which brings together intelligence from a range of partners to disrupt the most prolific groups operating locally.

Within York, the City has seen an increase in Exploitation of both children and adults, examples of Modern Slavery and the impact of County Lines activity. The Community Safety Hub has fortnightly Early Intervention and Prevention Meetings with NYP Intelligence Unit, Neighbourhood Policing Inspectors, City of York Council Housing, North Yorkshire Fire and Rescue and the Youth Justice Service. This ensures that where there is suspected county lines activity, partners can contribute to evidence

gathering and the Community Safety Hub can use their enforcement powers to contribute to disruption of criminal and/or antisocial activity.

Safeguarding the victims of exploitation associated with Serious Organised crime sits at the heart of partnership working and is supported by the work undertaken by the Community Safety Hub to take an early intervention and prevention approach to activity such as county lines.

York is piloting the National Clear Hold Build Policing initiative developed by the Home Office for addressing serious organised crime. This aims to work in high harm areas and to build community resilience.

# SERIOUS VIOLENCE

The Serious Violence Duty was introduced in January 2023 as part of the Police, Crime, Sentencing and Courts Act 2022. The Duty requires relevant partners to work together to share information and collaborate on interventions to prevent and reduce serious crimes within their local communities. Working in partnership, relevant agencies including Police, Justice, Local Authorities, Fire and Rescue and Health need to undertake a Strategic Needs Assessment and produce a Serious Violence Strategy by 2024. The Duty also requires consultation with education, prison service and youth custody authorities in the preparation of the strategy.

Home Office funding has been made available through the Office of the Police Fire and Crime Commissioner to support this work and a multiagency working group has been convened for York and North Yorkshire to identify how best this work can be undertaken.

Serious violence includes the harm caused by County Lines, increased presence of weapons and will link a number of key areas of work including safeguarding against exploitation, domestic abuse and violence against women and girls.
