Subject: ANNEX 2

afternoon dick,

i think you have missed the point as we the majority of the trade wish to be represented and have our voice recognised as a taxi trade associations which represents the majority of the trade at all forthcoming meetings agendas,consultations regarding the trade and the council that has any bearing on the trade.

even i realise that it would be impossible to write to everyone as it would be uneconomical and not viable on our financial budget in the current climate.

yes i will be attending the meeting so can you forward me the agenda and any future agendas as well place me on the same list as the two associations

cheers terry

Thanks Terry got the papers and will be writing the report today and tomorrow. What you dont say however is what precisely you want. Without putting words in your mouth do you

Want the council to take no notice of the associations

Want the council to write to every person in the trade on every issue

??????????

Can you please be more specific so I do not mis represent you .

Could you also advise if you will be attending the meeting.

good morning dick,

i posted the letters through at kings pool last night at 21-

30 ought to let you know two names were duplicated so they have had a line through them the formula is easy enough to work out for every 3.07 names appearing on the list that are on the 2 associations list you reduce there percentages by one and increase ours by one.

also i realise that the transport committee members wont want to reply to everyone so if you would be good enough to furnish with my details they can reply to myself and i will pass there conclusions on to all that signed the letter cheers terry
