STUDENT ACCEPTABLE INTERNET USE POLICY

As a user of the Fulford School Network and associated services, I agree to comply with the rules, as explained within the Acceptable Use Policy below.

Student Signature

Please read this document carefully, only once it has been agreed to will access to the Internet and the School's computer systems be permitted. Listed below are the provisions of this agreement. If any student violates these provisions, access to services will be denied and the student will be subject to disciplinary action.

1. Personal Responsibility

As a representative of the school, I will accept personal responsibility for reporting any misuse of the network to a staff member. Misuse may come in many forms, but it is commonly viewed as any message(s) sent or received that indicate or suggest pornography, unethical or illegal requests, racism, sexism, inappropriate language, any use which may be likely to cause offence and other issues described below.

2. Acceptable Use

The use of electronic services must be in support of education and research in accordance with the educational goals and objectives of the School. I am personally responsible for this provision at all times when using the electronic information service.

Transmission of any material in violation of any United Kingdom or other national laws is prohibited. This includes, but is not limited to, copyrighted material, threatening or obscene material or material protected by trade laws. I will be held responsible for any unlawful activities I commit.

3. Privileges

The use of the Internet and other electronic services is a privilege and inappropriate use will result in that privilege being withdrawn. The Network Manager will rule upon inappropriate use and may deny, revoke or suspend usage.

4. Network Etiquette and Privacy

You are expected to abide by the generally accepted rules of network etiquette. These rules include, but are not limited to the following:

BE POLITE. Never send or encourage others to send abusive messages.

USE APPROPRIATE LANGUAGE. Remember that you are a representative of the school on a global public system. You may be alone with your computer, but what you say and do can be viewed by others. Never swear, use vulgarities or any other inappropriate language. Illegal activities of any kind are strictly forbidden.

PRIVACY. Do not reveal any personal information to anyone, especially the home address or personal telephone of yourself or any other students.

PASSWORD. Do not reveal your password to anyone. If you think someone has obtained your password, change it and contact a member of staff immediately.

ELECTRONIC MAIL. Electronic mail (e-mail) is not guaranteed to be private. Messages relating to, or in support of, illegal activities may be reported to the authorities

DISRUPTIONS. Do not use the network in any way that would disrupt use of the services by others.

5. Services

Fulford School makes no warranties of any kind whether expressed or implied, for the network service it is providing. Fulford School will not be responsible for any damages suffered whilst on this system. These damages include loss of data as a result of delays, non-deliveries, mis-deliveries or service interruptions caused by the system or elements of the system, or your errors or omissions. Use of any information obtained via the network or other information systems is at your own risk. Fulford School specifically denies any responsibility for the accuracy of information obtained via its Internet services.

6. Security

Security on any computer system is a high priority because there are so many users. If you identify a security problem, notify the network manager at once. Never demonstrate the problem to another student. All use of the network must be under your own username and password. Remember to keep your password to yourself. Do not share it with friends. Anyone caught disclosing passwords may have their access denied and may be subject to disciplinary action. Any user identified as a security risk may be denied access to the network and be subject to disciplinary action.

7. Vandalism

Vandalism is defined as any malicious attempt to harm or destroy any equipment or data of another user or of any other networks that are connected to the network. This includes, but is not limited to, the uploading or creation of computer viruses, the willful damage of computer hardware, whether connected to the network or not, the deletion of data from its place of storage or the defacing of any computer-related hardware.

Anybody determined to have vandalised the system may have their access rights stripped and will have to pay for any damage caused.

8. Online Ordering systems

One of the many facilities available via the Internet is the ability to order goods and services whilst online. This technology is still undergoing development and several questions have been raised with regard to the issue of security of online credit card ordering etc. Because of the security and other ethical issues attached to this facility, Fulford School has a moral responsibility in this area. It is therefore strictly forbidden for students to use the Internet for ordering goods or services regardless of their nature.

9. Electronic Mail

Electronic mail (Email) is widely available via the Internet and through the School's own e-mail system. Students are expected to use this facility in a responsible manner. The sending or receiving of any email, which contains any inappropriate material, is strictly forbidden. This material includes, but is not limited to, pornography, unethical or illegal requests, racism, sexism, inappropriate language, any use which may be likely to cause offence. Disciplinary action will be taken in all cases. It is also forbidden to send large volume Emails (Spamming).

Random checks will be performed on users' mailboxes and anybody found to be contravening the rules will have their access to the School's e-mail system removed immediately.

10. Miscellaneous

Members of IT staff will monitor the use of the network and its services. This includes checking the data stored in the users' personal folders. If it is found that the system is being abused, access may be withdrawn without notice.

Questions relating to any part of the acceptable use policy should be directed to the IT Networks Dept: itnetworksdept@fulford.york.sch.uk

STUDENT COURSE CHOICES

Entry onto Level 3 courses includes students achieving 5 x Grade 9-4 or equivalent at GCSE alongside a Grade 5 or above in English and/or Mathematics. Some subjects have specific entry criteria required, which can be found in our prospectus or at <https://sixthform.fulford.york.sch.uk/curriculum-offer>

As you will see, the subject choices are in four blocks. If you find that you are unable to choose your ideal combination of subjects as a result of this, please would you make a note of this on the sheet. Unfortunately, although we will attempt to accommodate these requests, the nature of the blocking system means that we are unlikely to be able to do so.

If you are planning to study three A levels, we are also offering students the opportunity to study Core Mathematics in Year 12. This course is equivalent to an AS level qualification and is designed to maintain and develop real life maths skills. These skills are increasingly important in the modern workplace and in higher education and this course is particularly useful for students studying A levels with a significant mathematical content (for example, Science, DT, Psychology and Geography). This will be timetabled for four periods per fortnight in Year 12 only.

If you have any further questions, about either the school or your subject choices, please do not hesitate to contact us.
