Equality Impact Assessment Workshop
New Council HQ and York Customer Service Centre
project**

The City of York council is moving to a new headquarters building in the Autumn of 2012.

This is a key council project affecting all employees and customers.

We have spoken to lots of people already to find out what they think and now we want to talk to you to find out what you think should be in our Equalities Impact Assessment.

What do we want to find out?

- What are the key equality issues or areas that we need to think about?
- Have we missed any?
- What actions do we need to take about these issues? What are the solutions?
- Anything else you think we should be doing?

Equality strands affected - All
