Petitioning City of York Council

Save the Old Manor School Playing Fields for Acomb Residents

Cllr Stuart Barnes York, United Kingdom

Acomb residents deserve more green open space for leisure and recreation. Many residents have told me so and it was also clear from the survey I carried out last year asking residents to tell me about their priorities for the ward. Many said there was a shortage of open space and a shortage of things for young people to do.

I want City of York Council to open up part of the Old Manor School playing fields for use by the community, with money paid to the council from housing developers in the area to be used to develop leisure facilities there for the community to use.

Please sign this petition if you agree that Acomb residents deserve more open leisure space.

This petition will be delivered to:

City of York Council
