Changes to Risk Register since last update (June 2024)

Key Corporate Risk	Changes
KCR1 Financial Pressures	New action added relating the Corporate Improvement Framework
KCR2 Governance	KCR title update. Revised date for ongoing action.
KCR3 Effective and Strong Partnerships	No updates, ongoing monitoring of current controls
KCR4 Changing Demographics	No updates, ongoing monitoring of current controls
KCR5 Safeguarding	Minor updates to control wording.
KCR6 Health and Wellbeing	No updates, ongoing monitoring of current controls
KCR7 Capital Programme	No updates at this monitor
KCR8 Local Plan	Action progress provided; revised dates set
KCR9 Communities	Revised date for action to establish the equalities team
KCR10 Workforce (incl Health & Safety)	Revised dates for ongoing actions; new action relating to the Corporate Improvement
	Framework
KCR11 External Market Conditions	No updates at this monitor
KCR12 Major Incidents	No updates at this monitor

KCR 1 FINANCIAL PRESSURES: The ongoing government funding cuts and the impact of the cost of living crisis will continue to have an impact on council services. Over the course of the last 10 years there has been a substantial reduction in government grants leading to significant financial savings delivered. The council needs a structured and strategic approach to deliver the savings in order to ensure that any change to service provision is aligned to the council's key priorities. In addition, other partner organisations are facing financial pressures that impact on the council.

KCR 2 GOVERNANCE: Failure to ensure key governance frameworks are fit for purpose. With the current scale and pace of transformation taking place throughout the organisation it is now more important than ever that the council ensures that its key governance frameworks are strong particularly those around statutory compliance including information governance and transparency.

Risk Detail (cause)	Implications (consequence)		Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions

				ICT equipment which will help to ensure appropriate information security and Information Governance.				

KCR 3 EFFECTIVE AND STRONG PARTNERSHIPS: Failure to ensure partnership arrangements are fit for purpose to effectively deliver outcomes. In order to continue to deliver good outcomes and services, the council will have to enter into partnerships with a multitude of different organisations whether they are public, third sector or commercial entities. The arrangements for partnership working need to be clear and understood by partners to ensure they deliver the best possible outcomes.

Risk Detail (cause)	Implications (consequence)	Gross	Gross	Controls	Net	Net	Direction of	Risk Owner and
Nisk Detail (Gause)	implications (consequence)	Likelihood		Controls	Likelihood		Travel	Actions
Failure to effectively monitor and manage partnerships Partner (especially NHS, Academies) financial pressures may affect outcomes for residents Unilateral decisions made by key partners may affect other partners' budgets or services Priorities of the newly elected Mayor does not align with council /or city priorities Financial pressure on York and Scarborough Teaching Hospitals NHS Foundation Trust (YTHFT) and the Humber and North Yorkshire Health and Care Partnership ICS Board which may have worsened further due to Covid-19 and the cost of living crisis		Probable	Major (20)	Account management approach to monitoring key partnerships. CMT identified the 100 organisations who have the most potential to influence or affect organizational and city aims and priority outcomes for residents, and monitors on a quarterly basis. Each Corporate Director and the Chief Executive lead on specific relationships. The Integrated Care System now has a strategy in place that aligns with the Health & Wellbeing Board. The York Place Board will oversee the delivery of this at a Place level. Financial pressure remains, with a newly established joint Commissioning Group chaired by the Director of Public Health however the Council, ICS and the Acute Trust work together to reduce delays increase flow to reduce escalation beds and increase staffing. Policy groups and arrangements with the newly established MCA to focus on key themes (housing, transport etc.,) with the Strategy and Partnerships team maintaining a central coordination role, with the approved "pipeline" confirming areas of focus.		Moderate (14)	No change	RISK OWNERS: Claire Foale No current actions, ongoing monitoring of current controls

Risk Detail (cause)	Implications (consequence)	Gross Likelihood		Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
Cumulative impacts of the pandemic and cost of living crisis and a reduction in volunteering on voluntary and community sector			Internal co-ordination such as Creating Resilient Communities Working Group (CRCWG) meet regularly to understand which areas of the council are working with different partners and what is happening across these agendas (including overall monitoring of arrangements with voluntary & community sector as part of prevention and early help work)				
			Commissioners and the NHS place directors are working closely to deliver a number of key joint services across health and social care.				
			The York Health and Care Board is now in place chaired by Ian Floyd, which supports an integrated decision- making approach across organisations				

KCR 4 CHANGING DEMOGRAPHICS: Inability to meet statutory duties due to changes in demographics. York has a rapidly changing demographic in relation to both residents and business. This brings with it significant challenges particularly in the delivery of adult social care and children's services. The council needs to ensure that community impacts are planned for and resourced.

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
more desirable and accessible to residents, students and business, resulting in increasing inward migration to York. An increase in the aging population requiring	Increased service demand from residents, including; statutory school placements, SEND, mental health, adult social care and environmental services (eg waste collection) Increased service demand in relation to business (e.g. Regulation, Planning)	Probable	Major (20)	Place planning strategy to ensure adequate supply of school places DfE returns and school population reported every 6 months Local area working structures in frontline services, including Early intervention initiatives and better self-care	Possible	Major (19)	No change	RISK OWNER: SARA STOREY No current actions, ongoing monitoring of current controls
Increase in complexity of needs as people get older Increase in people living with dementia Increase in ethnic diversity of the population means that the council has to understand the needs of different communities in	Impact of additional demands cause significant financial and delivery challenges, such as a rise in delayed discharges, deterioration of people in the community awaiting elective surgery as well as increases in the number of people requiring care as the population ages			Assessment and Care management review complete, to better manage adult social care demand on CYC based on community led support Advice and Information Strategy complete, to provide residents with direct access to support and services, to better manage adult social care demand on CYC, resulting in the launch of Livewell York				
delivered	Reputational impact as these mainly impact high risk adult and children's social care			Investment in support brokerage work with NHS integrated commissioning				
Growing number of people with SEND or complex needs living into adulthood	service areas Unable to recruit workers in key service areas e.g. care worker			Stakeholder and officer group, to create a more connected and integrated health and social care system. Officer caseload monitoring				

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
Demographic of workforce supply unable to meet workforce demand Failure to plan for the impact of a rapid change in demographics to front line service provision The impact of the cost of living crisis may disproportionately affect certain demographics; eg BAME and the older community are more likely to suffer health issues, younger people by job losses	To ensure that decisions made in relation to cost of living support are taken with a recognition of the different impacts on certain demographics			Internal co-ordination such as Creating Resilient Communities Working Group (CRCWG) Establishing a "preparing for adulthood and LD/Autism lead" to ensure smooth transition York Skills Plan The Education Planning Team have completed a review of demographic data to determine the impact on schools Community Impact Assessments are carried out before decision making Redesign and implementation of new arrangements for early help and prevention Ongoing analysis of the Local Plan and Major development projects demographic data to determine the impact on all CYC services. The Covid 19 review ensures that lessons are learned, links to the population hub providing access to the right data ensure services and support is delivered across localities to reduce inequalities

	in service levels in some areas.			Internal Audit Report gave reasonable assurance on project management arrangements				

KCR 8 LOCAL PLAN: Failure to develop a Local Plan could result in York losing its power to make planning decisions and potential loss of funding. The council has a statutory duty to develop a Local Plan, a city wide plan, which helps shape the future development in York over the next 20 years. It sets out the opportunities and policies on what will or will not be permitted and where, including new homes and businesses. The Local Plan is a critical part of helping to grow York's economy, create more job opportunities and address our increasing population needs.

Risk Detail (cause)	1 ,	Gross Likelihood	Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
a Local Plan for the City.	The Local Plan Examination process continues and the policies in draft Local Plan is a "material planning consideration" in the consideration and determination of planning applications. Development proposals which are not in accordance with the Draft Plan may continue to be submitted as planning applications, resulting in refusals of planning permission and an increase in planning appeals. An "adopted" Local Plan following the Examination by the Planning Inspectors would carry greater weight than the draft Plan. There may be a negative impact on the council's strategic economic goals and may have an adverse impact on investment in the city until there is an adopted Local Plan which provides greater direction through land use	Probable	Impact Major (20)	The Plan has completed examination in public phases 1 (in 2019) and 2-4 (in 2022) as well as its Main Modifications (regulation 19 compliant) Consultation in Spring 2023. Correspondence as to the latest local plan position is regularly published on the Councils website to ensure all parties are kept abreast of the Planning Inspector and CYC dialogue. The plan following national guidance, good practice and specialist legal advice. Continued close liaison with: MHCLG, Planning Advisory Services Planning Inspectorate The appointed planning Inspectors. The Local Plan Working Group (LPWG), the Executive and full Council have all been engaged in the plan making process at appropriate stages and before submission of Draft Local Plan for Examination.	Unlikely		Action progress	RISK OWNER: Ian Floyd REVISED DATE Ongoing action: Monitoring of controls (Ian Floyd, 30/09/2024 REVISED DATE The intention now is for the local plan to be adopted by the end of 2024. After that the KCR will be considered for removal from the risk register. (Ian Floyd, 31/12/2024) LATEST UPDATE The final 6 week consultation on the revised Gypsy and Traveller Policy wording. This was delayed due to the General Election

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions
	allocations and policies which guide and direct development. For some major planning applications which may be supported by the Council the development processes and decision making is slowed down by need to refer application to the Secretary of State for Levelling Up, Housing and Communities for consideration as to whether a Public Inquiry should be held or not. Central government (DLUHC) have already identified York as a high priority to produce a Local Plan. The failure to prepare and produce a Local Plan in accordance with the timescale accepted by central government could possibly result in action from the Secretary of State for Levelling Up, Housing and Communities to directly intervene in the plan making process.			Corporate Director for Place weekly monitoring / management of the process Additional resources to ensure delivery within timescales				standstill period, however consultation will conclude on 30 th August and a final report from the Inspectors subject to the consultation outcomes is anticipated in autumn 2024. However as noted previously the timetable is controlled by the planning Inspectors.

KCR 9 COMMUNITIES: Failure to ensure we have resilient, cohesive, communities who are empowered and able to shape and deliver services. The council needs to engage in meaningful consultation with communities to ensure decisions taken reflect the needs of residents, whilst encouraging them to be empowered to deliver services that the council is no longer able to do. Failing to do this effectively would mean that services are not delivered to the benefit of those communities or in partnership.

Risk Detail (cause)	Implications (consequence)	Gross Likelihood	Gross Impact	Controls	Net Likelihood	Net Impact	Direction of Travel	Risk Owner and Actions

				Interim Financial Inclusion Strategy monitored by the Financial Inclusion Steering Group				

KCR 10 WORKFORCE/ CAPACITY: Reduction in workforce/ capacity may lead to a risk in service delivery. It is crucial that the council remains able to retain essential skills and also to be able to recruit to posts where necessary, during the current periods of uncertainty caused by the current financial climate and transformational change. The health, wellbeing and motivation of the workforce is therefore key in addition to skills and capacity to deliver. In addition, the council must ensure that its key governance frameworks are strong particularly those around statutory compliance for Health & Safety.

KCR 11 EXTERNAL MARKET CONDITIONS: Failure to deliver commissioned services due to external market conditions. The financial pressures experienced by contracted services (in particular Adult Social Care providers) as a result of increases due to the cost of living crisis could put the continued operation of some providers at risk. The Council has a duty to ensure that there is a stable/diverse market for social care services delivery to meet the assessed needs of vulnerable adults/children. Some services provided by the Council cannot be provided internally (eg Park and Ride) and must be commissioned. External market conditions such as the number of providers willing to tender for services may affect the Council's ability to deliver the service within budget constraints.

Risk Detail (cause)	Implications (consequence)		Gross	Controls	Net Likelihood	Net	Direction of Travel	Risk Owner and
Increases to the national living wage and wage inflation in general. Recruitment and retention of staff If failure occurs, the Council may remain responsible for ensuring the needs of those receiving the service	Vulnerable people do not get the services required or experience disruption in service provision Safeguarding risks Financial implications: Increased cost of alternative	Likelihood Unlikely		Clear contract and procurement measures in place and have been further updated A clear progression process is now in place together with changes to JDs and HoS posts. 				Local policies in place for provider failure Ongoing attendance at Independent Care Group Provider Conference DASS will have oversight of market sustainability. The appointment of a Head of Commissioning starting in Jan 2023 will co-produce a market position statement with health colleagues and providers Focus on prevention and early support to ensure residents are supported to stay at home for longer Co-producing model of care with people using services and their carers The Council's market position statement is regularly reviewed				

KCR 12 MAJOR INCIDENTS: Failure to respond appropriately to major incidents. Local Authorities are required by law to make preparations to deal with emergencies. Local Authorities have four main responsibilities in an emergency 1. to support the Emergency Services, 2. to co-ordinate non-emergency organisations, 3. to maintain their own services through a robust Business Continuity Management process, 4. to facilitate the recovery of the community and 5. since 2013 the council also has a statutory duty to protect the health of the population under the Health and Social Care Act 2012 and the transfer of public health responsibilities to local authorities. The Council must ensure that its resources are used to best effect in providing relief and mitigating the effects of a major peacetime emergency on the population, infrastructure and environment coming under it's administration. This will be done either alone or in conjunction with the Emergency Services and other involved agencies, including neighbouring authorities.
