<b>Project title</b>	<b>Summary</b>
Celebrating	Unexpected dance routines breaking out across the city, dancing to Latin American rhythms.

ANNEX 1

multiculturalism with a Flash mob!	Routines are intended to celebrate the Grand Depart, Yorkshire and diversity. It is hoped members of the public will join in with the dance.
((URY))'s Tour de York	Publicising the Cultural Festival through workshops with children to allow them to be the reporters. With a focus on Sports events, but also some reports on other cultural and arts events.
Artistic Autistic Exhibition	Exhibiting the work of local, autistic artist Peter Myers. Including a possible sculpture on the theme of cycling. The exhibition it is hoped to be in the Minster and local children would be encouraged to contribute to the artwork (ideally reaching those with SEN)
Bike powered community art project and exhibition	A community art project, gathering York residents bicycle related shenanigans. Culminating in an exhibition where A bicycle generator that is wired up to a projector that will project images of the stories when powered by the visitors. As much as possible, the materials to construct this project will be reclaimed, handmade or recycled.
Connor's Departure-Computer Game	A Tour de France-themed game. The plot revolves around a single character (Connor) and his adventure leaving York during The Grand Depart and arriving in France in time to complete the final stage of the Tour de France. Sailing down the river Ouse and into the North Sea, Connor faces ducks, rocks, sharks and pirates along the way to completing his dream.
Inkwell- The Best of York from a bike	We hope to engage primary schools in a 4 session, creative writing programme with the theme of 'the best of York from a bike'. The output it is hoped will be a map of York constructed from

## ANNEX 1

	poetry - think sentence roads denoting cycle routes and shape poetry creating areas of York.
(P)Art	Pop-up art galleries in unusual and unexpected places across the city. The pop-ups will be influenced by their location, and the infrastructure of the venue, the art in each will respond to them
Cycle the Solar System	This project aims to utilise the existing 'Solar System Cycle Ride' ( <a href="http://www.york.ac.uk/solar/">http://www.york.ac.uk/solar/</a> ) to engage school students and the general public with both cycling and Physics. This route is a scale model of the solar system spread over a 10km section of cycle path.
Yellow Jersey Photo Mosaic	we plan to invite all members of the university and local community to send in their photos, which we will 'stitch' together to create a yellow jersey mosaic  We would potentially like to print the yellow jersey to exhibit in an outside location/gallery space in the City, which will be open for all members of the public to view and interact with.
