

## Community Impact Assessment: Summary

**1. Name of service, policy, function or criteria being assessed:**

Additional Primary School Places for Micklegate.

**2. What are the main objectives or aims of the service/policy/function/criteria?**

To make internal modifications to Scarcroft Primary School to allow the school to increase by 0.5fe (15 pupils per year group) to 2fe (60 pupils per year group). As Scarcroft Primary School does not have enough outdoor playing space, re modelling will include making changes to increase the provision of outdoor play opportunities. This will involve an exploration of the issues for the provision of one or more Multi Use Games Areas (MUGAs). The need to create additional playing space will result in the reduction of car parking bays whilst retaining space for deliveries at the school.

A consistent rise in demand, alongside pressures and trends in the Micklegate and South Bank areas has led to the need to create additional primary school places. The additional places will fulfil the Local Authority's legal obligation to ensure there are enough school places in the Micklegate and South Bank areas to meet the rise in local demand.

## Community Impact Assessment (CIA)

**Community Impact Assessment Title:**
**Additional Primary School Places for South Bank**

What evidence is available to suggest that the proposed service, policy, function or criteria could have a negative (N), positive (P) or no (None) effect on quality of life outcomes? (Refer to guidance for further details)

Can negative impacts be justified? For example: improving community cohesion; complying with other legislation or enforcement duties; taking positive action to address imbalances or under-representation; needing to target a particular community or group e.g. older people. NB. Lack of financial resources alone is NOT justification!
