**It was resolved** to settle all above accounts with immediate effect. And the Council's gratitude to the Clerk should be minuted for her initiative in obtaining the services – painting the play area railings - of the community payback team, at a considerable saving for the parish.

- b. To Approve Financial Accounts in Cash Book & Income and Expenditure to 31 July 2020  
**It was resolved to** approve the Cash Book & Income and Expenditure to 31 July 2020
- c. To Approve Bank Reconciliation Statement to 31 July 2020  
**It was resolved to** approve the bank reconciliation statement to 31 July 2020; However, with the clerk having as yet no direct access to the bank statements the mysterious matter of the inexplicable payment of £22.50, will be revisited once access to the online bank accounts has been obtained.
- d. To report progress in effecting necessary changes in our internet banking account  
**It was reported** that Barclays Bank sent out a feedback questionnaire in the belief that our changes have all been actioned but there is still no access as yet for the clerk and Cllr P Wells. Both are now signatories; two of the previous three signatories have yet to be removed. Our on-line banking arrangements should be resolved before our next meeting. Until this time no signatories should be removed.
- e. To report progress on the closure of Yorkshire bank accounts  
**It was reported** that the switching service did not work and that Cllr R Clayton and Cllr A Thomas are going to close the main account on 18/8/20 and pay the cheque into Barclays Account immediately.(Which, before the publication of these minutes, has been done.)

**47/2020. Heworth Without Parish Council Administration:**

- a. To update Councillors regarding progress of Clerk Mobile phone and Laptop  
**It was reported** that the mobile phone has been purchased. Laptop has not yet been ordered as the model agreed is still unavailable and no similar spec is available yet, due to high demand for laptops in current climate of home working. Clerk will keep looking and will order when available.
- b. To consider the creation of a Website Accessibility Statement to be uploaded on the Parish Council's website by 23<sup>rd</sup> September 2020  
**It was resolved** that this must be done and that quotes should be investigated and reported to our next meeting. See c. below
- c. To approve that the Clerk proceeds as soon as reasonably possible to update the Council website to comply with current accessibility requirements.  
**It was resolved** for the clerk to get 2 to 3 quotes for this work to be undertaken in readiness of the next meeting.
- d. To discuss the production of a Newsletter and proposed contents/ subjects  
**It was resolved** that Councillor P Wells should draft a newsletter and act as editor. Cllr. Wells to inform councillors of proposed Newsletter topics and to call for contributions from councillors All contributions to be emailed to Peter. Peter to distribute and, if practicable, to have our newsletter approved for publication at the next meeting
- e. To consider face to face meetings for small working parties where social distancing is possible.  
**It was resolved** for the clerk to write a risk assessment, to cover all small working groups, possible interviews etc and issue to all cllrs for review and approval.
- f. To note that Parish meetings open to the public are considered not suitable for the foreseeable future - possibly May 2021, subject to further guidance from YLCA.  
**It was resolved** to agree that all public parish meetings will be via zoom until May 2021 and then be reviewed.
- g. **Co-option**  
To approve the proposed co-option policy for the parish:
  - i) To approve the possible co-option advert - see Document 1(advertisement)  
**To was resolved** to agree a draft advert and the clerk will retype and email it out to the councillors in case it is required.
  - ii) That candidates for co-option should be advised (when they come for interview/discussion) that they will be expected to undergo initial councillor training, and be prepared to work not only in the monthly meetings, but throughout the month. Examples of tasks that councillors perform, which may be mentioned, are
    - delivering the newsletter
    - discussing council issues with other councillors by email, phone or in person
    - undertaking community service
    - attending relevant training coursesSuch information might also be put on our Facebook Page, our Newsletter and our website.

**It was resolved** that Cllr P Wells will draft examples of typical tasks and routines, for the clerk to give to interested candidates if a co-option is required.

- iii) That the Council adopts the current NALC-recommended protocol for the co-option of new councillors.

**It was resolved** that Candidates should not be present when other candidates are delivering their presentations.

**It was resolved** that the discussion of the candidates and voting on them should take place in public but **in the absence of the candidates themselves, and of interested parties.**"

**To consider and approve the Parish Council Co-option policy and particularly agree on point 5 options - see Document 3 (co-option policy). It was resolved that candidates should attend a parish meeting and offer a short presentation about themselves and their wish to join the Parish Council.**

#### **48/2020. To Consider Issues Relating to Parish Assets and Open Spaces**

##### **a. Stray Road play area**

- i) To report progress since the playground inspection undertaken on 8<sup>th</sup> July 2020 and discuss how the removed gym equipment area has been left.  
**It was resolved** for the clerk to speak to Playscheme and – linking this to our next annual inspection for H&S, asking them to address the stumps left from the removed gym equipment.
- ii) To report on the installation of new and the removal of the old benches.  
**It was reported** that 2 Benches have arrived and will be installed by Luke Gommersall in September 2020
- iii) To report progress on the painting of the black railings surrounding the play area  
**It was reported** that good progress is being made and the cost is saving the parish approx. £2000, by utilising the Community Payback Team.
- iv) To report progress on the arrangements for necessary tree-surgery within the play area  
**It was reported** that Castle tree have been booked as per Cllr R Cooks requirements and we are awaiting a date in September, clerk to chase date.
- v) To report progress on the future investigations for the play area equipment and discuss the report detailed below from Councillors M Wells, M Starkey and R Cook who met on Wednesday 5<sup>th</sup> August and agreed on the following:

**It was resolved** that after receiving a detailed and exemplary report thereon, to now bring both small working parties for this area together to discuss possible equipment and settings for all-seasonal use, and also several sets of options, including, particularly, the creation of an exercise/activity trail in the playing-field.

Some of the options we are currently exploring are illustrated below, in these minutes. In due course we will be asking the Parish for their views on them.

## Background

The bottom part of the play area and most of the land set aside by CYC for the recreation ground is a swamp for a lot of the time from autumn through to spring and the planting of the Jubilee Wood has greatly improved drainage. Sport in this area is therefore always limited by the weather and finances.

### 1. Location of Proposed fitness trail

After reviewing possible locations, our favoured one is still under the trees where the ground is somewhat higher. (An alternative location would be the straight path between the wetland and the jubilee wood, but this would need alteration e.g. widening and drainage).

### 2. Accessibility

Poor drainage of the recreation and play area makes most of it unusable throughout the rainy season. Accessibility of the fitness trail would be through the new gate on Park Lane.

Alternatively, the double gate from the play area could be converted to a single gate and a raised path created to the tree area.

NB Originally it was proposed to insert a gate on Park Lane. If access were to be only through the bottom of the play area, the public could not bring dogs through this way. Eventually, they would be able to by entering/leaving via the allotments.

### 3. Proposed Equipment

While we recognise that there is the issue of movable parts, it was felt that a mix of sturdy steel and wooden equipment would best meet our users' requirements e.g a wooden climbing wall but supplemented with old favourites, especially the doubles items.

### 4. Filling the Gap

The removal of the defective outdoor gym equipment has left a gap in the play area. In talking to younger teenagers in the play area, it has become clear that

- i. They go to "play" and socialise i.e. they like to hang out together
- ii. They like the bottom end of the play area and seem to regard it as an area for older children

We would like to propose some climbing rocks with a soft surface in this area. This would provide a challenge for children through to low teens but would not require a fence.

climbing rocks at Rawcliffe Bar park

### 5. Basketball Hoop with hard surface

If drainage were available through funding, the basketball item (complete with a tarmac surface big enough for 3 to 5 people dribbling and bouncing the ball) needs to be at the bottom of the play area, with a raised path leading on to the proposed fitness trail.

However, with no funding, we propose that this long requested item be put between the current football area and the triangle meadow. The whole thing should be nearer the play area fence, with the hoop facing the residents' side.

### 6. Sports Wall

There was a request for goal nets which a sports wall complete with basket ball hoop could satisfy. However, netting would soon deteriorate and if the mini goal were made of metal, would be noisy every time a goal was scored.

### 7. Funding

Some companies claim they can guide you through the funding process with the order e.g. Streetscape, Playscheme. Nigel Ayre, our ward counsellor, has written "*I would also support the replacement of the gym equipment*". We have no real use for a MUGA (turned down by another council, costly maintenance, possible ASB, noisy for local residents). However, if funding for the basketball hoop were given, we would need a caste-iron agreement that proper drainage was included.

Because of Covid, it looks increasingly as though many agencies are diverting their funds to areas that are really in need. Ward funding may be our only option.

### 8. Repairs to soggy areas

Roger has suggested tackling the goal mouths etc with David, so we would like to try this treatment method for under the round swing if successful.

### 9. Activities for residents of all ages and capacities

At the extraordinary meeting (4/8/20) the need to provide interesting activities for residents of all ages and capacities was highlighted. At present, there is very little equipment for all ages and abilities as most focusses on the needs of younger children.

The fitness trail should encourage older members to have a go while still including teenagers and below.

We have considered the use of more inclusive swings, but space doesn't allow for this, which only leaves the possibility of replacing a current swing in the set of four with a more inclusive version, and possibly replacing the round swing with a nest, swing as it was previously in due course. The inclusive roundabout allows children to sit, stand or kneel, as best suits their ability and might be considered when it is time to replace the current one.

### 10. Ideas from the public (parents) from Facebook

- i. Basketball hoop (first muted along with gate closer in 2018 in a previous survey done by Peter on Facebook) - position: inside/outside play area?
- ii. Climbing Rock as in Rawcliffe Bar Park (with artificial surface for soft landing)
- iii. White lines to demarcate football field
- iv. Inclusive items

### Ideas from Users (kids)

- i. Bike racks
- ii. Rugby pitch
- iii. Shelter
- iv. Climbing Wall
- v. Basketball hoop (not a full court)
- vi. More exercise equipment
- vii. Nets in goal

response from Nigel Ayre

## 9. Inclusivity

We currently have two cradle swings for toddlers and a zip wire with access via a sloping platform, which is inclusive (depending on the disability) for older children as they can hang on – it is located at the bottom of the play area. Likewise the round swing if converted to a nest swing would also be at the far end of the play area.
