

DECISION SESSION - EXECUTIVE MEMBER FOR ENVIRONMENT

MONDAY, 4 SEPTEMBER 2017

DECISIONS

Set out below is a summary of the decisions taken at the meeting of the Decision Session Executive Member for Leisure, Culture and Social Inclusion held on Monday, 4 September 2017. The wording used does not necessarily reflect the actual wording that will appear in the minutes.

Members are reminded that, should they wish to call in a decision, notice must be given to Democratic Services no later than 4pm on the second working day after this meeting.

If you have any queries about any matters referred to in this decision sheet please contact Democratic Services.

3. YORK 5 YEAR FLOOD PLAN UPDATE Appendix A

Resolved: (i) That the update report and the information provided by the Environment Agency (EA) at the session be noted.

Reason: To confirm that the Executive Member is updated on the progress of the flood risk management works programmes in York and is able to provide advice to ensure that wider links and opportunities are considered and built into the process.

- (ii) That information on the following be included in the next quarterly update:
- scientific evidence detailing potential approaches for new telemetry, monitoring and forecasting that can be used to support catchment scale flood risk interventions (action 2 in Annex 2)
 - work being carried out to identify changes to the location of Silver Command in future flood events (action 31);
 - work being done by Category 2 Responders (the utilities) to ensure the recommendations in the York Flood Inquiry and the National Flood

Resilience Review have been considered and auctioned;

- information detailing the EA's proposals for each flood cell across the city and the methodology used to identify these measures, to be considered alongside the programmes requested in the body of the report.

Reason: To ensure that the update addresses issues raised by the Executive Member at the session.
