### **4. AIR QUALITY - ANNUAL STATUS REPORT 2022**

Resolved:

- i. That the contents of the report were noted (and the submission of the Annual Status Report to DEFRA was approved), including the generally improving trend in air pollution in recent years, progress made with AQAP3 and progress with updating the current plan in line with the Environment Act 2021, to complement other key CYC strategies.

Reason: To ensure that the Executive Members were aware of current air quality position in the city including continued exceedances of objectives in some areas, progress made with air quality improvement measures and progress with AQAP4.
