The proposed scope of the review was set out at paragraphs 6-11 of the report. The following options as to how best to undertake the review were presented for consideration:

- Option A – To bring in an external organisation such as ‘The British Toilet Association’ or ‘ENCAMS’ or a similar organisation to undertake a full review of all of the issues set out in paragraphs 6-11;
- Option B – To carry out in-house review of all of the issues set out in paragraphs 6-11;
- Option C – A hybrid of Options A & B, where the bulk of the review work was carried out in-house, but making use of expertise held by other interested organisations through their acting as ‘critical friends’.

Written representations had been received from the York Access Group in support of standard dedicated accessible toilets, without baby-changing facilities, being made available adjacent to full changing facilities, where possible.

Members welcomed the proposed review and the design proposals for Silver Street. They highlighted the need to include older people and disabled people in the consultation process and noted that the community toilet scheme, referred to in paragraph 7 of the report, would be particularly welcomed by the Older People’s Assembly. They also noted that the review would consider provision of hydraulic urinals at night time and highlighted the need to also consider night time provision of women’s toilet facilities.

• Option Two – To discontinue grants to all Committees with effect from 1 April 2008.

- Option One – To implement the amended terms and conditions in respect of Ward Committee local improvement schemes grant applications, as recommended in paragraph 2 and Annexes 3-4 of the report;
- Option Two – Not to implement these amended terms and conditions.

Some Members raised concerns regarding the length and complexity of the application form. It was suggested that the section requiring details of how many people a project benefited, on page 6 of the application form, be reworded to include reference to both quantitative and qualitative benefits. Members also discussed the conditions proposed in Annex 2 of the report and, in relation to the first one, expressed the view that use of a Ward logo, where one existed, was more appropriate than a Council one. It was agreed that copies of the form would be circulated to representatives of each political group once it had been finalised.

**Advice of the Advisory Panel**

That the Executive Member be advised:

(i) That Option One be approved to enable the incorporation of the proposed changes into a new Ward Committee grant application policy in respect of local improvement schemes, subject to the inclusion of a condition relating to use of Ward logos, where they...
exist, in place of the first condition in Annex 2, and that officers be asked to prepare an abbreviated form for schemes for under £500 going to just one Ward Committee, which would reduce the length of the form but only by two or three pages. ¹
