| Description:   | Purpose of the Report:<br>To outline the need for a new Construction Skills Initiative (CSI<br>York) to support the development of local employment<br>opportunities resulting from key housing and employment sites in<br>the Local Plan and from the work needed to retrofit domestic and<br>commercial properties across the city if York is to meet our<br>carbon reduction targets.   |  |
|  | To set out two projects responding to these two drivers, which<br>Executive have already agreed in October 2023 to support<br>through UK Shared Prosperity Fund (UKSPF). These represent a<br>short term pilot with potential for delivery across the York and<br>North Yorkshire region. In future, they might then be supported by<br>the Mayoral Combined Authority through future UK Shared<br>Prosperity Fund (UKSPF) and gainshare. These two projects aim<br>to increase the local supply of appropriately skilled and qualified<br>employees and businesses that respond to growth in demand.        |  |
