Description: Purpose of Report: On 16 March 2023 Executive approved the negotiation, development and entering into of a Section 75 partnership agreement with York and Scarborough Hospitals NHS Trust (the “Trust”) from 1 July 2024 for the provision of Specialist Sexual Health Services (“SSHS”) across the city. Executive also granted related approvals regarding a SSHS Section 75 agreement.
Since then, however, the complexity of the negotiations for this Section 75 arrangement, together with the challenging financial envelope available for the service, has led to delays in the process which means that the deadline of completion by 1 July 2024 is now considered highly unlikely.

Process: A full procurement and consultation process has been held prior to going out to tender for the re-procurement of the sexual health service. This resulted in the only viable option to enter into a partnership agreement with the incumbent provider. As noted previously the complexity of the negotiations and the budget pressures have extended these discussions, in such that a completion is unlikely by 1 July 2024.

Once the service revisions have been made a further consultation will be held with key stakeholders and service users on the proposed changes.

The option to extend the current contract was presented to the Joint Management Board on 11 April 2024, which is attended by

all key stakeholders and this course of action was agreed.

Joint Management Board – includes CYC (Public Health, Legal, Procurement, Finance, York and Scarborough Hospital NHS Trust), NHS England, ICB, Nimbuscare Ltd.

Separate consultation and agreement to extend the contract has also been completed and agreed with the two organisations directly involved: York and Scarborough Hospital NHS Trust and Nimbuscare Ltd.

The original decision to re-procure the services was agreed by Executive on 16 March 2023, Health and Adult Social Care Policy and Scrutiny Committee, NHS Humber and North Yorkshire Integrated Care Board, Service users and other key stakeholders.
