## FORWARD PLAN ITEM

**Meeting:** Decision Session - Combined Executive Member Decision Session

**Meeting Date:**

**Keyword:**

**Item Type:** Executive Member Decision - of 'Normal' importance

**Title of Report:** Annual Housing Report 2025/26

**Description:** Purpose of Report: This report will provide an overview of the housing landlord service over the previous 12 months and set priorities for the coming year. The report will cover the recent judgement for the Regulator of Social Housing against statutory Consumer Standards, and related plans for the coming 12 months plus approval of the local Allocations Policy.

The Executive Member will be asked to:

- Note the review of performance over the previous 12 months
- Note the judgement by the Housing Regulator, ongoing priority work and action plans
- Approve the revised Allocations Policy

This item was originally due for Executive on 7 July 2026 but has been deferred to the Combined Executive Member Decision Session on 8 September 2026 because the post regulatory inspection and judgement meeting with the regulator of social housing didn't take place until June 2026. This meeting confirmed what they will be focussing on and how they will monitor our progress in trying to achieve the expected C1 grading.

Update: Item was withdrawn 25/08/26.

Reason: The housing directorate and its business management resourcing have been focused on the statutory housing audit in 26/27. This is the first of these audits and will form the basis of the business and improvement plan for the coming years. The service has performed well and received a C2, and it is currently working through the recommendations. This will then be brought through scrutiny and to the executive in the new financial year.

**Title of Report:** Preparation for Potential Use of Compulsory Purchase Powers at Willow House to Support the Delivery of Affordable Housing

**Description:** Purpose of Report:

To prepare for the potential use of compulsory purchase powers under Section 17 of the Housing Act 1985 to support land assembly for the Willow House development. The scheme will redevelop the former Willow House care home, associated garages and storage units on Council-owned land into 36 high-quality affordable homes with new play and amenity space. Full planning permission for the scheme was granted on 7 May 2026.

To deliver the approved layout, five leasehold stores and one leasehold garage must be acquired by the Council in the comparatively smaller, northernmost section where 10 of the 36 total new homes would be delivered. Negotiations have progressed, but not all interests are yet secured. A Compulsory Purchase Order (CPO) may be required as a last resort to ensure the scheme can proceed without delay.

The Executive will be asked to provide an in-principle decision in order to prepare for the potential use of compulsory purchase powers to support land assembly for the Willow House development.

Outgang Lane was identified as unsafe during consultations when forming York's Local Plan in 2023.

Since then, a resident survey with Gypsy and Traveller Communities took place in 2024 – 2025. The survey indicated concern from site residents and stakeholders to the unsafe conditions for using the road.

Neighbouring businesses were approached and raised concerns regarding Outgang Lane, claiming conditions made the road unsafe for their staff and customers.

A TRO consultation was conducted in May 2026. Consultation involved talking to the majority of Residents face-to-face, including sharing proposed plans.

Letters and plans were sent to all affected businesses, with corresponding notices along the length of Outgang Lane.

One objection has been received, opposing double yellow line implementation throughout

Osballdwick.

One Business was concerned about receiving negative interaction from residents during any work taking place on the road.

Improvements to Outgang Lane with agreed budgets were approved at an Executive meeting on the 6th of March 2026.

A feasibility study considered several options to address the concerns raised by residents, and the proposed option has been approved by Transport Board to progress to detailed design. Subsequent to Transport Board approval the option progressed into detailed design was revised after review of current guidance and incorporated sinusoidal ramps as opposed to a combination of speed cushions and raised tables. Consultation has taken place to seek the views of key stakeholders and residents. The Executive Member is asked to consider the findings and recommendations of the consultation, and to approve the recommended action (Option 1).
