St Joseph's Convent of Poor Clare Collentines, Lawrence Street**

## CONSULTATION RESPONSE

### Planning and Environmental Management (Conservation Architect)

No objections to the revised proposals. Each sign has some justification. The majority of the signs have been grouped around the entrance locations and co-ordinated with the few features of the wall to avoid a busy appearance whilst being effective. In the context of the scale of the wall the majority of the brickwork will be exposed. As a temporary intervention the scheme would have no adverse effect on the architectural or historic character of the wall.
