Ward Committee	We have suffered from occasional low attendance and under representation of certain sectors.  Publicising Ward Committee meetings is difficult. Perhaps a budget for flyers could be agreed  Publicity has in my experience been pathetic  Ward meetings are not well attended  Some Councillors do promote their Ward Committees individually, but we need to ensure that this activity overlaps to other Council publications such as 'Our City'.  Social media is not the answer to everything - Ward Committee meetings need to be publicised in a variety of ways, and not just through social media.  We need to give more notice of events and longer lead in times.	Case Study B - Publicising Meetings (Heworth Without). NB: 'Our City' no longer exists
Meetings	Attending meetings is not usually a favourite activity for residents so attendance tends to be poor. Those that do attend tend to be the same faces with their own issues and priorities so the same subjects can be discussed every time.  To help address officer attendance issues, videos/presentations could be produced for use in multiple wards.  Working in a split ward brings its own problems and	Case Study C - Alternatives to Meetings (Fishergate & Strensall? 	We have not tried cross ward funding any schemes but would be prepared to consider doing so.

Ward Funding	There's something fundamentally missing in the division of responsibilities above: advertising the application process. Do groups know what's available? The result is that the ward funding becomes just a grant scheme for charitable groups to get extra funding. When the "devolution" of funding to ward was announced, the rationale was so that local people could decide how to spend money in their wards according to local priorities – NOT councillors' own vanity and NOT as a grants scheme.	Case Study E - Engaging Residents in Funding Decisions (Westfield & ??)
	Some consistency in officer support would be welcome – our ward has had 5 neighbourhood officers in the past 3 years and of these only 1 has been with us for any length of time. This has been a significant factor in the poor level of progress to date.	Discussion Point - Working Together
Ward Action Plans	This is a large amount of work especially when considered against our many other responsibilities. I am so behind on it that I am not even sure if we are on track and do not have the time to check so rely heavily on our staff support.  We do not have an Ward Action Plan. If one is to be effectively maintained and delivered, this requires far more work than has so far been put into the project by officers	Case Study F - Action Plans (Dringhouse & Woodthorpe) Plus Application Form & Guidance. Feedback to Residents	I think the onus of responsibility on the councillor(s) here is far too much and should be more informal.
