WORK UNDERTAKEN

The Audit and Governance Committee has met on seven occasions in the year to 11th April 2018. During this period, the Committee has assessed the adequacy and effectiveness of the council’s risk management arrangements, control environment and associated counter fraud arrangements through regular reports from officers, internal audit and the external auditors, Mazars. The Committee has sought assurance that action has been taken, or is otherwise planned, by management to address any risk related issues that have been identified by auditors or inspectors during this period. The Committee has also sought to ensure effective relationships exist between internal and external auditors, inspection agencies and other relevant bodies.

The specific work undertaken by the Committee is set out below by subcategory.

Risk

1. The Committee received a number of update reports on the key corporate risks for the Council during the year, along with the refreshed Key Corporate Risk Register. Each report considers risk as a whole. In a change from previous years the Committee now also focuses on a specific KCR in each report to ensure a more thorough review of the various issues and mitigation for each risk. This ensures the Committee has sufficient oversight of the changing risk profile of the Council.

2. Members received a further risk report which included an update on the major projects.

Internal Audit and Counter Fraud

3. The Committee received and considered the results of internal audit work completed during the period and monitored the progress made by management to address identified control weaknesses.

4. Members now receive electronic copies of Internal Audit reports by email throughout the year in order to improve oversight.

5. Members received, considered and approved the initial Internal Audit and Counter Fraud plan along with a number of update reports on the progress made throughout the year.
6. Members considered regular follow up reports setting out progress made by council departments in implementing actions agreed as part of internal audit work.

7. Considered a report which sought members’ views on the priorities for internal audit for 2018/19, to inform the preparation of the Internal Audit plan.

8. Received and considered a report on the progress against the actions set out in the new Counter Fraud and Corruption Policy and Strategy which also added new actions for the next financial year. The Council’s counter fraud risk assessment was also updated to reflect fraud risks currently facing the Council.

9. Received the Annual Report of the Head of Internal Audit which summarised the outcome of audit and fraud work undertaken in 2016/17 and provided an opinion on the overall adequacy and effectiveness of the council’s framework of governance, risk management and control. Members scrutinised the significant control issues highlighted in the report and noted that these were reflected within the Annual Governance Statement.

**External Audit**

10. Received and considered Mazars Audit Strategy Memorandum which set out the audit plan in respect of the audit of the Council’s Financial statements for 2017/18. The report summarised the audit approach, highlighted significant areas of key judgements and provided details of the audit team.

11. Received and considered the Annual Audit Letter which summarised the outcome of the 2016/17 audit carried out by Mazars on the annual accounts and work on its value for money conclusion. Members discussed and noted the findings of the audit contained in the report.

12. Received regular reports on the progress made by Mazars in meeting their responsibilities as the Council’s external Auditor. The Committee were also kept updated on key emerging national issues and developments; meeting the challenges of earlier deadlines; and Housing Benefit subsidy certification.
Treasury

13. The committee continued the role of scrutinising the council’s treasury management strategy and policies and considered both strategy statements and update reports during the year.

14. Members received and a Treasury Management Annual report which provided the Committee with an update of Treasury Management Activity for 2016/17.

15. Members later received the Treasury Management Strategy Statement for 2018/19 setting out the strategy for treasury management and specific indicators for the financial year 2018/19.

Governance and Statement of Accounts

16. Considered and approved the Annual Governance Statement for 2016/17, noting that action plans would be put in place to address each of the significant governance issues identified. The Committee received various update reports from officers during the year on the progress that had been made on each of the items identified as significant governance issues.
