

Application to be determined – 200310 Heworth – Hempland Lane Allotments

DMMO application to record as public footpath A-B on the map below

Evidence supporting the application	Evidence refuting the application
1 User evidence statement alleging use between 1970 and 2003. 1 user claimed 20 years or more use.	The user statement does not have a map with it so we have no indication which route over the allotments the witness used.
The allotment paths first appear on Ordnance Survey maps in 1931. They are then recorded on all the maps CYC has access to.	
DMO Comment on the evidence as a whole	
The legislation requires that for a route to become a public right of way it must be used by the public at large. A single person giving evidence does not meet this requirement. Therefore the application must be rejected.	
Consultation responses	
The Ramblers responded to the consultation but had no comment to make.	

Have the relevant parish councils been consulted? (delete as appropriate)	No (The application is in a non parished area)
Does the current evidence meet the statutory test for making the order? (delete as appropriate)	Not applicable
Will the order route be the same as the application route? (Attach a map showing the proposed order route) (delete as appropriate)	Not applicable
What status will the route have? (delete as appropriate)	Not applicable
Officer recommended determination- (delete as appropriate)	Reject the application
Officer recommended stance towards confirmation- (delete as appropriate)	Not applicable

Cllr Webb sought clarification about the process and its effect on any public rights that may exist over the site.	

Executive Member for Transport Comments	
Cllr.	A. D'Agorne

I accept that the application does not meet the requirements of the legislation and needs to be rejected but I would ask that the council, in consultation with the allotment holders association, examines if there is any scope for further public access around the site.

Senior Officer Comments

James Gilchrist

Assistant Director

Having considered the application, I conclude that it does not meet the requirements of the legislation and must be rejected. I share the Executive Member for Transport's hope that appropriate access can be examined.
