

**Application to be determined – 200203 Strensall – The Village to Southfields Road
DMMO application to record as public footpath A-B on the map below**

Evidence supporting the application	Evidence refuting the application
8 user evidence statements alleging use between 1932 and 2002. All user evidence statements claim more than 20 years use.	
The route appears on the Ordnance survey maps available to CYC from 1969	
DMO Comment on the evidence as a whole	
The evidence is sufficient to allege that a public footpath exists over the application route. However, in a village the size of Strensall 8 people cannot represent the “public at large” so additional evidence will need to be gathered if the order is going to be confirmed.	
Consultation responses	
The Ramblers responded to the consultation but made no comment.

Strensall Ward Councillor Comments	
Cllr.	Paul Doughty
No comments received at this stage but Ward Councillors will have a further opportunity to comment during the statutory 6 week consultation period that follows the making of an order.	
Cllr.	Tony Fisher
I strongly support this order being confirmed. The path has been used for a long time (certainly since I moved to Strensall 25 years ago) and provides a useful link between The Village and Southfields Rd where there is a doctors' surgery. Please convey my comments to the Executive Member.	

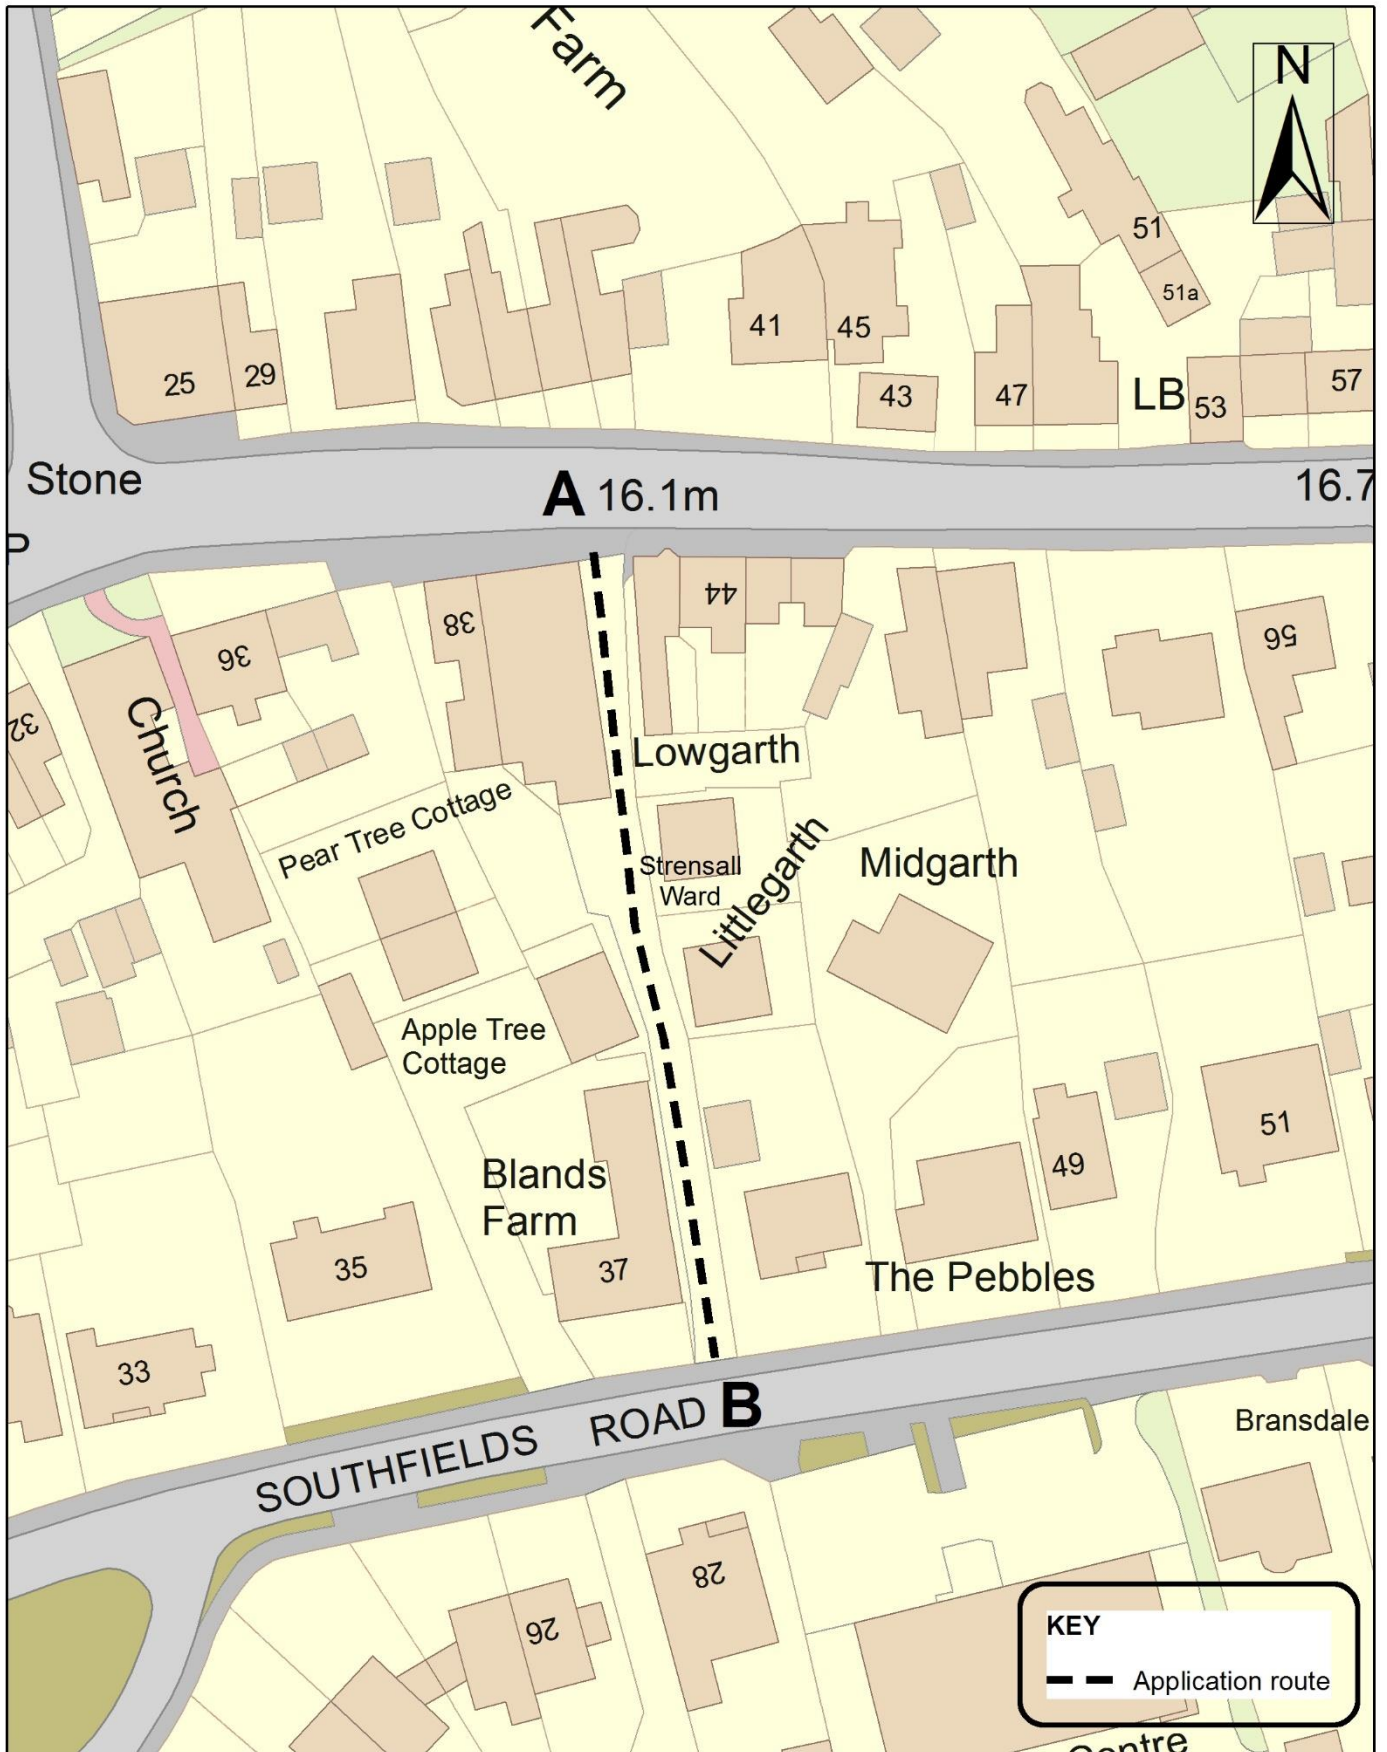

Executive Member for Transport Comments	
Cllr.	A. D'Agorne
Having considered the available evidence and the comments of ward councillors I am happy to support the making of the order.
