

APPENDIX K – LETTER OF SUPPORT FROM LAURA PARKIN & PHILLIP ROEBUCK

To whom it may concern,

We are two York citizens having lived in the city for a combined eight years and currently live just off Haxby Road.

We both work in the tourism and events industry in the city.

One of us has worked with Louisiana's in the past in professional contexts and we became aware of the Salix Yurts as we were looking to hire an events venue.

We fully support the licence application as we believe that York deserves and needs venues of this type and that the existence of the Salix Yurts just outside of York is an asset to the city, especially in these trying times. The wedding and events sector will bring a welcome boost to York next year and so limiting the capacity of a fantastic and versatile venue would not be the right decision.

Additionally the standards of professionalism shown by the Salix Yurts and Louisiana's team have been impeccable and we are confident as locals that they will work with the community to avoid any potential problems.

Yours sincerely,
Laura Parkin and Philip Roebuck
