- 20-21/46a The Chairman interposed a motion at this point to defer item 20-21/48. - 1 Police Report
 No monthly police report had been received. A vehicle had driven onto a recently ploughed and sown field causing damage to the crop.
 - 2 Report from ward councillor
 Cllr Hook had not received a response regarding the footbridge on Burns dyke. She had dealt with a number of queries about overgrown hedges. She had also raised that after an obstructing tree had been removed, the Council could cut the grass on the corner between the St Giles and The Village. She offered to provide some information about devolution. The Chairman raised that the harsh urban style street light on the Green and the urban style kerbing are unsuitable for the rural style of Skelton's Conservation Area.

- 3 To receive the litter picker's report
The litter picker's report had been circulated to Councillors prior to the meeting. He'd reported over 100 items of litter in the playground in one day. Councillor Chris Linfoot suggested to involve the school to reiterate to children not to litter.
- 4 Village Matters and parishioners' questions.
A representative spoke on behalf of the Bistro Van requesting suggestions for an alternative location for the van.
A resident mentioned that he supported the Chairman's comments with regard to the inappropriate proposed edging for the village green on one side of the green and asked Cllr Hook whether some photographs of the kerbing that could be provided.

The Open Forum was closed and the meeting resumed.

Some discussion took place with regard to the repairs to the zipwire. A local resident asked to speak and explained that their family used the zipwire on a regular basis and that it was in working order.
 - 2 To receive an update on the provision of new play equipment.
After some discussion, it was RESOLVED to seek additional quotations for two pieces of play equipment and to establish whether the pieces could be positioned without causing a nuisance for local residents. It was RESOLVED that the clerk will also investigate funding.
 - 3 To consider options to protect the verges of the Green
The Chairman expressed the wish that the kerb stoning be similar to the existing granite stones along the ring road rather than the proposed urban kerb. Rectangular wooden posts could also be acceptable within the Conservation Area. Councillor Hook will investigate further.
 - 4 To receive an update regarding a request to support safety inspections of trees along Moor Lane.
A local resident had reported that the trees along Moor Lane are in a dangerous condition and Cllr Hook had request that the City of York Highways assess the hazard caused by the trees. A response had been received that the City of York are not responsible for the trees but that the trees are low risk. The clerk will convey the response to the local resident.
 - 5 To note the raising of the flag for Yorkshire day.
The Chairman had raised the Yorkshire flag for Yorkshire day on 1 August 2020 and V-J Day on 15 August 2020. Other future occasions to use the flag were discussed.

It was RESOLVED to wholeheartedly support the presence of the pizza van at the end of the Pasture path on Fairfield Drive, subject to it not clashing with the fish and chips van on Wednesday evening.
 - 7 To note works to the pond and to consider the need for a Skelton pond working group.
The Chairman thanked Cllr Stead for carrying out reed removal and a skip had been ordered to dispose of the vegetation. The difficulties of the Friends of Skelton Pond working group were

discussed. Cllr Chris Linfoot, the Chairman of the Friends of Skelton Pond working group, would communicate with the members to discuss the future of the group.

- 8 To consider lobbying the City of York and Julian Sturdy MP to receive funding to clear a section of land between the Fairfields layby and the A19.

Cllr Mansell had asked for the agenda item, because people on a Skelton Facebook group felt that the problems in the layby are mainly because high trees and low shrubbery obscure the ongoing activities. The very welcome police presence is going to be short-lived. The police had expressed their support for removal of vegetation. Cllr Stead proposed that the trees should be left. It was believed that the layby is owned by the City of York Highways. The motion was proposed and seconded. Cllr Mansell had contacted the police to request for them to monitor the activities in the layby and they had been very supportive. Councillor Watt was sceptical about the motion and wondered what the effect would be if the vegetation and hedges would be lost. After some discussion it was RESOLVED to lobby Cllr Hook and Julian Sturdy to push the Council to increase visibility and to reduce nefarious activity in the layby whilst leaving the trees in place. As requested, the vote was recorded. Six Councillors voted in favour and one, Cllr Watt, voted against. The Clerk would write to the City of York Council and the MP.
