

RESIDENTS OF CARLETON
STREET,
LEEMAN RD.
YORK
RE JUNCTION PUB.

Dear Sir/Madam,

Having lived in Carleton St. for 28 years we feel we would like our views heard regarding the review of the Junctions Licence. We did come into the Council offices to voice our complaints but were told to put them in writing so we have listed below what we feel to be key points:-

People come out of side door to smoke and shout and scream at each other and into mobile phones.

Then wander down the street to urinate on peoples doors, in front of houses or on parked cars.

Drug deal outside peoples house selling as we heard at the weekend

"Crystal + Baggies?" and joking about putting car windows in!

Taking drugs in street on some occasions off peoples window sills.

Parking in street leaving cans and bottles lying around when leaving and returning to cars.

Shouting and screaming up and down street and giving verbal abuse when asked not to do so.

Residents wing mirrors bent back
and Aerials stolen off cars.

Reversing and driving at speed
in and out of street at all hours.
Music loud and late

Childrens park full of glass and
unsafe to use.

We feel unable to go to bed until
the pub closes because of noise
and fear of damage to property
and cars.

We do realize that the Junction
is a business and has a living to
make but find it hard to justify
it should do so at the expense of
our right to live in peace in our
own home.

A Concerned Resident

Carleton Street

P.S

We do not wish to leave our name
and address we have been threatened
before when we approached the former
Bar staff about intimidation
