End of Representation: 30/03/2022

COMMENT

As residents of Darnborough Street York, our property lies approximately 35 metres from the premises [2 Many Wines] which is applying for the late license.

The surrounding areas to the applicant also serve the primary purpose as residential and whilst the street has commercial operations on either side, establishments serving alcohol, playing music, across extended hours pose the following issues for the residents of the area.....

- Dramatically increased noise level omitted from the premises at unreasonable hours
- Impacting the sleep patterns of residents

- Impact on the fundamental basic living standards of all local residents
 - Noise pollution
 - Taxis/uber waiting and sounding horns to notify customers
 - Reduced parking for residents
 - Live music hours extended by 1460hrs per annum [Est 20% increase per annum]
 - Recorded music hours extended by 1460hrs per annum [Est 20% increase per annum]
 - Loitering of patrons after closure
 - Loitering of patrons after closure potentially intoxicated
 - Loitering of patrons after closure potentially intoxicated and chance of altercations
-
- Loitering of patrons after closure potentially intoxicated and chance of altercations / violence
 - Loitering of patrons after closure, littering
 - Loitering of patrons after closure, foul language
 - Al fresco activities and patrons competing with the noise of passing traffic raise of voices / shouting to be heard
 - Consumption of alcohol by patrons close to a very busy road / danger to life

Above cites the fundamental reasons why we strongly oppose granting the extension of the license and we welcome to discuss this matter in person prior to the 30/03/2022.

With this in mind, please could you contact us on the above email address or call

Kind regards

Dear Darnborough Street Resident,

2 Many Wines at 3 Bishopthorpe Road has made a licensing application to extend their opening hours to 02:00 in the morning, 7 days a week. You will see from the application details below that this extends to the supply of alcohol, live and recorded music, and the serving of drinks outside and to the front of their premises (terrace). If granted, this has the strong potential to cause disturbance.

You can make your views about this application known, but this needs to be done before Wednesday 30 March 2022.

To make your views known, please email licensing@york.gov.uk or write to:

"We would like to raise concerns about the licensing application that has been submitted by 2 Many Wines of 3 Bishopthorpe Road to extend their opening hours to 02:00 in the morning, 7 days a week and to seat customers outside during these hours. Currently 2 Many Wines is open until 23:00, serving drinks and playing music indoors until this time. This is a residential area and the noise of customers outside the premises or leaving the premises so late at night would cause considerable disturbance and bring the possibility of other anti-social behaviours.

Since there is already disturbance caused by some customers leaving the Angel on the Green at the earlier time of 23:00, there is no doubt that extended opening hours and extended boundaries of the licensed area outside the current premises of 2 Many Wines will cause a significant increase in noise."

Dear Licensing Team

Many thanks for your email and forwarding on the correspondence from Mr Lajoinie.

The detail he has shared documents an intent to reduce several parameters from the initial submission and we are keen to share the following feedback below

[Pls see comments in line.....

We are reviewing the opening hours, but we will not be looking at opening until 2am. We have discussed the following with the council and the licensing officer:

A key concern shared by the residents [Please see example of anonymous door drop attached] is about the nature of the request for 2am in the initial proposal. Whilst My Lajoinie calls out in his response that there is no intention to not to open until 2am - if this was granted and the property was sub-let then there are serious concerns to the intentions of profiting [in absence] from the increased hours of trading and disruption to the residents principally around...

- 1] The prevention of public nuisance.
and
- 2] The prevention of crime and disorder.

opening hours would be until 23:00 from Sunday to Thursday (same as now) and 00:00 on Friday and Saturday.

Given an establishment opposite to the representor [Angel On The Green] operates across the following parameters below [application ref CYC-053764] we would be keen to see consistency when reviewing the application by Mr Lajoinie.

- 1] The supply of alcohol inside the venue for consumption on and off the premises to be 11am to 23:00hrs only on all days
- 2] No licensable activity shall take place in the Outside Patio Area after 20:00hrs on all days to prevent public nuisance being caused to nearby residents
- 3] A barrier screening shall be installed around the Outside Patio Area to delineate this from the highway, and such barrier screening shall be in place at all times when the Outside Patio area is in use.

Beyond the above, The Angel on The Green is also required to remove the tables by 8pm latest [each day] to avoid loitering and individuals sitting on them post this time.

We wouldn't be playing music, have plays or any other entertainment outside in the evening.

As per application approval for [CYC-053764] no music [recorded/played/dj] would be allowed outside at all times and inside the venue curtailed at 23:00hrs

Our terrace would be open until 9pm (same as for the other venues on the street).

Understood, with the prompt removal of patrons on the hour and prompt removal of all tables and chairs.

Our customer base is mainly composed of young professionals, young families, more established families and couples and we have a task to create a responsible drinking environment for the younger generation, this is a priority for us.

Completely agree, the gentrification of the area is a big plus and we understand that there is a fine balance between allowing new businesses to flourish whilst respecting what still remains a residential area. We believe the above strikes that balance in a way that allows for extremely credible hours of trading and sufficient protection to the residents.

We like to think that we are a very reasonable wine shop/bar owners and apologise for the scare we have created by wanted to extend the opening hours to unreasonable hours.

Thank you, as you are aware the family have lived on the street for many years. We know it very well, the patterns of behavior of life on the street therefore our sentiment around our concerns are genuine and drawn from experiences over the years.

We are also mindful that the above recommendations would protect all establishments on the street in terms of attracting the wrong kind of attention and provide a great foundation to trade for the years to come.

In summary, these are the key points that we would like to be documented in any approval whilst there will be representation from the family [subject to health] at the hearing.

Please do not hesitate to contact us with any questions related to the above.

Kind regards

Representation re: application for extension of alcohol and music licences regarding:
2 Many Wines, Bishopthorpe Road, York.

Residents making representation:

..

We wish to make a representation about the above application to change existing alcohol and music licencing conditions on the following grounds:

The prevention of public nuisance

The proposed extension of the boundaries onto the pavement and the longer hours of the alcohol licence will increase the likelihood of a public nuisance for local residents, in particular around the residential area on St Benedicts Road which faces the rear of the commercial properties on Bishopthorpe Road.

In particular, we believe that the extension of the licensing hours to 02.00 will encourage more people to visit the road after 11 for the opportunity of drinking and socialising beyond the usual 11 pm restriction.

We believe that the parking bays opposite the properties on Promenade Row and other sections of St Benedict’s Road will be used as convenient parking and that the residents will be subject to disruption and noise during the night.

We have good reasons for this assumption. We have lived here for 8 years and remember well the noise disruption caused by the cars and the delivery drivers from the then Dominos Pizza shop (now part of Robinsons).

Domino’s planning application to extend their working hours was refused on the ground of the disruptive noise affecting local residents including those on Promenade Row. They were already operating beyond the hours permitted This is a matter of public record. The noise included banging car doors, loud conversations and fights during the small hours of the morning.

Additionally, the application for live music until 0200 will also cause a public nuisance. Live music is often amplified and the noise will affect many residential properties in the area.

We hope that you will take these representations into consideration and look forward to hearing the outcome of these applications.

Yours sincerely,

23/03/2022

Dear Lesley,
Thank you very much indeed for this information

We welcome the amendments to the application which have been arrived at through the process of mediation, and wish to thank all the parties involved.

However, we are minded to continue with the representation for the following reasons:

1. We do not understand why the times of the last sales and closing times on Fridays and Saturdays are different from other businesses on the road - The Angel on the Green opposite, for example. Might this encourage other businesses to open later on these days and bring more people into the area looking for a later drinking time? It could alter the current good relations between the businesses and the local residents which is such a positive and attractive aspect of this area.
2. Our main concern in our representation is about the disturbance which may occur as a result of customers parking opposite the houses in Promenade Row. As stated in our original representation, we have had past experience of disturbances caused by people parking in close proximity to bedrooms after 11pm and worry that the current proposals may result in this happening again.

Please advise us how to make these points to the licensing committee now that the original application has changed.

Yours sincerely,

Good Morning Lesley,

Thank you for your email.

I do still wish to oppose the licence extension - I am not sure on what I am being instructed to do in order to still oppose this?

I strongly believe that extension past 23.00 will cause unnecessary disruptions and social issues, especially around race dates, in a residential family area. If businesses with to remain open so late they need to move further into the city centre.

Please advise on my next steps?

Thanks

Dear Sir/Madam,

I would like to raise concerns about the 3 Bishopthorpe Road licencing application for 2 Many Wines for extending opening hours to 2AM every day of the week, and seating customers outside during these times.

Currently 2 Many Wines is open until 11PM, with no outdoor areas.

This licencing application represents a large change from existing licensing in the area - The Angel on the Green closes at 11PM.

3 Bishopthorpe Road is located in a residential area and clearly the proposed changes will increase noise and disturbance to residents considerably, as well as the possibility of other anti-social behaviours given that the proposed opening times are so much later than other licensed premises in the area.

Kind regards,

Dear Lesley,

Thank you for providing this additional information. In light of the information you have provided, we would like to modify our representation to be as follows:

2 Many wines has been a welcome addition to the street and we wish the company well. It is great to hear that the applicant has modified their application to limit the timing of sale of alcohol and opening times. The additional conditions for use of the outside seating area are also very welcome and shows good consideration for the needs of the local residents.

However, we would still like to register our objection to the late sale of alcohol time of midnight and closing time of 00:30 on Fridays and Saturdays.

This is a residential area and the noise of customers leaving the premises so late at night would cause considerable disturbance and bring the possibility of other anti-social behaviours. Since there is already disturbance caused by some customers leaving the Angel on the Green at the earlier time of 23:00, there is no doubt that extending the opening hours at 2 Many Wines will cause a significant increase in noise.

We do not see the rationale for extending opening hours to beyond that allowed at the Angel on the Green as well as other pubs in the area such as The Swan. Indeed, if 2 Many Wines is allowed the extended opening hours on Friday and Saturday this sets a precedent for other establishments to do the same. It therefore only seems fair (to both residents and venues) to match the opening times of other establishments in the area, and not to exceed them.

Best wishes,

If the modification to the application have satisfied your concerns in relation to this application and you now wish to withdraw your representation please confirm in writing (via email), please make it clear that you are withdrawing your representation. If we do not hear from you we will assume that you want your representation to stand and this application will be determined at a Sub-Committee hearing.

As the last date for representation is today, we have to start the process with regards to arranging a hearing tomorrow, therefore if you receive notifications from the Council Democratic Services Section before you have had time to consider this email, please do not think this prevents you from withdrawing your representation, if you wish you can withdraw your representation at any time prior to the hearing.

Due to the modifications to the application, if you wish for your representation to stand, you can also submit additional information that can be considered by Councillors who will determine this application, details of how to do this will be provided within the notification sent out by Democratic Services.

I have attached guidance notes with regards to representations that you may find useful.

Kind regards

Lesley

Subject: objection to extending opening hours for 2 Many Wines

This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

We, _____, would like to raise concerns about the licencing application that has been submitted by 2 Many Wines at 3 Bishopthorpe Road to extend their opening hours to 02:00 in the morning, 7 days a week and to seat customers outside during these hours. Currently 2 Many Wines is open until 22:30, serving drinks until this time. This is a residential area and the noise of customers outside the premises or leaving the premises so late at night would cause considerable disturbance and bring the possibility of other anti-social behaviours.

2 Many wines has been a welcome addition to the street and we wish the company well. However, since there is already disturbance caused by some customers leaving the Angel on the Green at the earlier time of 23:00, there is no doubt that extended opening hours and extended boundaries of the licensed area outside the current premises at 2 Many Wines will cause a significant increase in noise. We do not see the rationale for extending opening hours to beyond that allowed at the Angel on the Green as well as other pubs in the area such as The Swan.

Best wishes,

We are already have disturbance from the Angel on the Green at the earlier time of 23:00, there is no doubt that extended opening hours and extended boundaries of the licensed area outside the current premises at 2 Many Wines will cause a significant increase in noise. I also note that the Angel on the Green, as part of their licence has to have the outside seating area cleared by 20:00 so as to limit the impact on the local residents. I feel this should also apply to 2 Many Wines so as not to impact on the area with noise and possible anti social behaviours.

Yours Sincerely

Cooke, Lesley

Hello,

I am a local resident living within 100 metres of the above mentioned business on Bishopthorpe Road.

I would like to raise concerns about the variation of their license conditions.

We already have noise from the Angel on the Green, having this until 2am from 2 Many Wines would create extra unwanted noise, and the possibility of disturbance and other anti social behaviour. The fact that 2 established public houses in the area both have to close their beer gardens to prevent noise shows that complaints have been raised in the past about noise.

I hope you take these comments into consideration, and refuse the application to vary the licence at 2 Many Wines Ltd. I will be very disappointed if these extensions were granted in any form. Even having them sat outside on the street is upsetting to say the least.

Kind regards,
