

## Measures Spreadsheet

1. This spreadsheet has been produced to assess and correspond the individual policies in the LTS (adopted Jul
2. Potential measures, which could be followed in York, are shown against the relevant policy. Inevitably there is
3. Sheets are arranged by Policy Focus Area and correspond to the relevant sections of the Local Transport Stra
4. In the final sheet of this spreadsheet measures have been grouped into broader "Packages"
5. The packages are assessed for their "fit" with the Policy Focus Areas of the Local Transport Strategy.
6. Packages which are funded are then identified
7. Packages for which CYC will need to seek funding are identified separately
8. Studies are identified, as are key other requirements (for example, staff training)
9. In the final "timeline" spreadsheet, programmes are identified for capital schemes and revenue initiatives
10. This spreadsheet will be updated as the schemes in the Implementation Plan are funded and delivered
