

Hamilton Drive – Safer Neighbourhood Scheme

22/06/2026

Concerns

- Safety at the school entrance
- Traffic speeds
- Difficulty of crossing the road at key points

Working together to improve and make a difference

Proposals

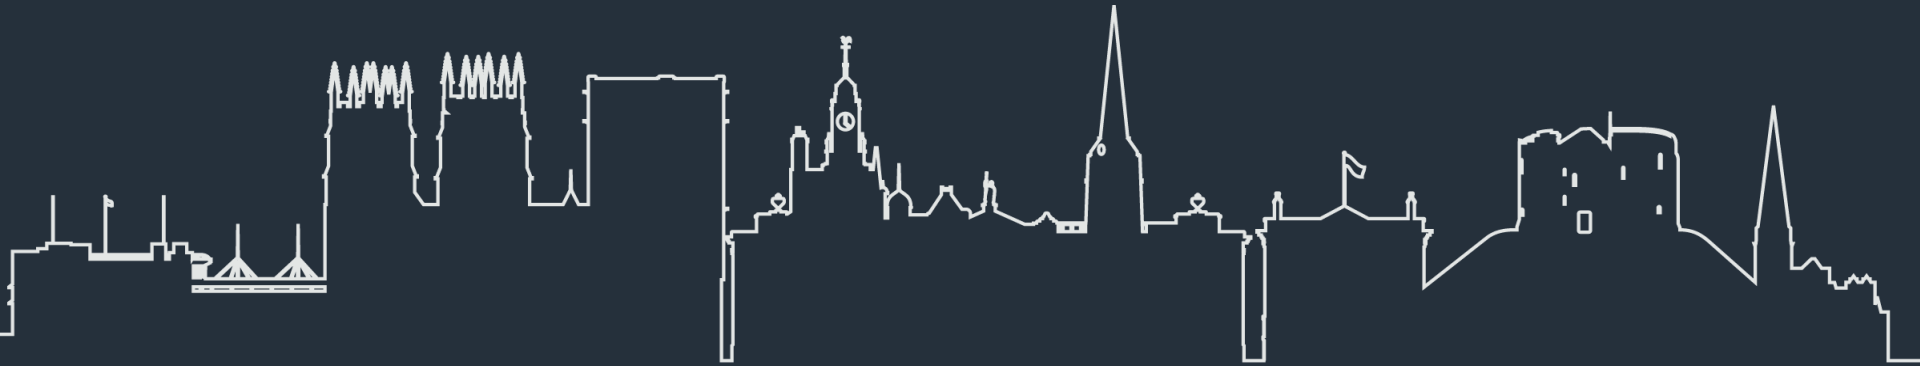

- Focused around Our Lady Queen of Martyrs Catholic Primary School.
- Make a more pedestrian friendly area whilst maintaining access for local residents.
- Proposals are designed to improve facilities for walking, wheeling and using mobility aids, and at the same time help reduce the speed of traffic to improve safety for all road users.
- These proposals are not final. Your comments will directly influence what happens next

Working together to improve and make a difference

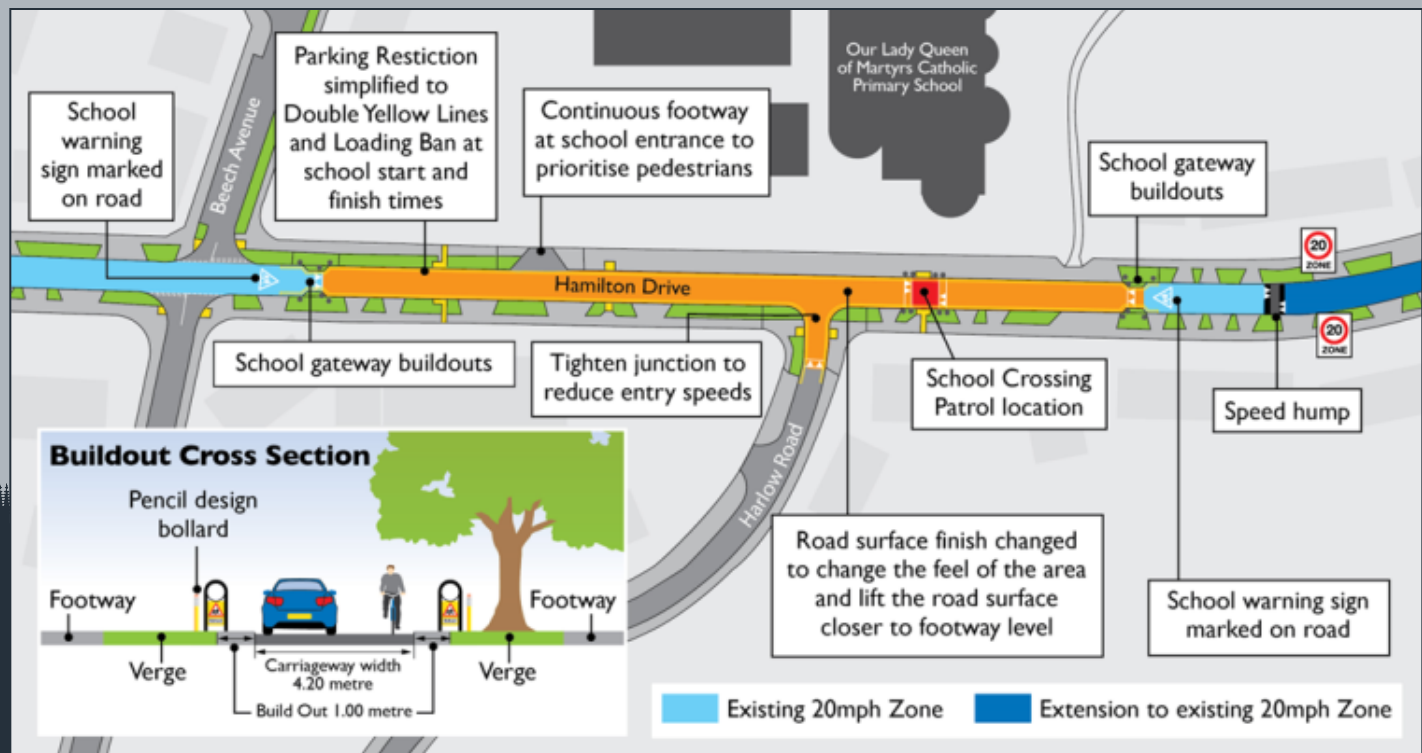

Project Proposals

- Designed as three elements.
- Delivery will be based on budget allocation.
- We hope to delivery as a single scheme.

School Zone

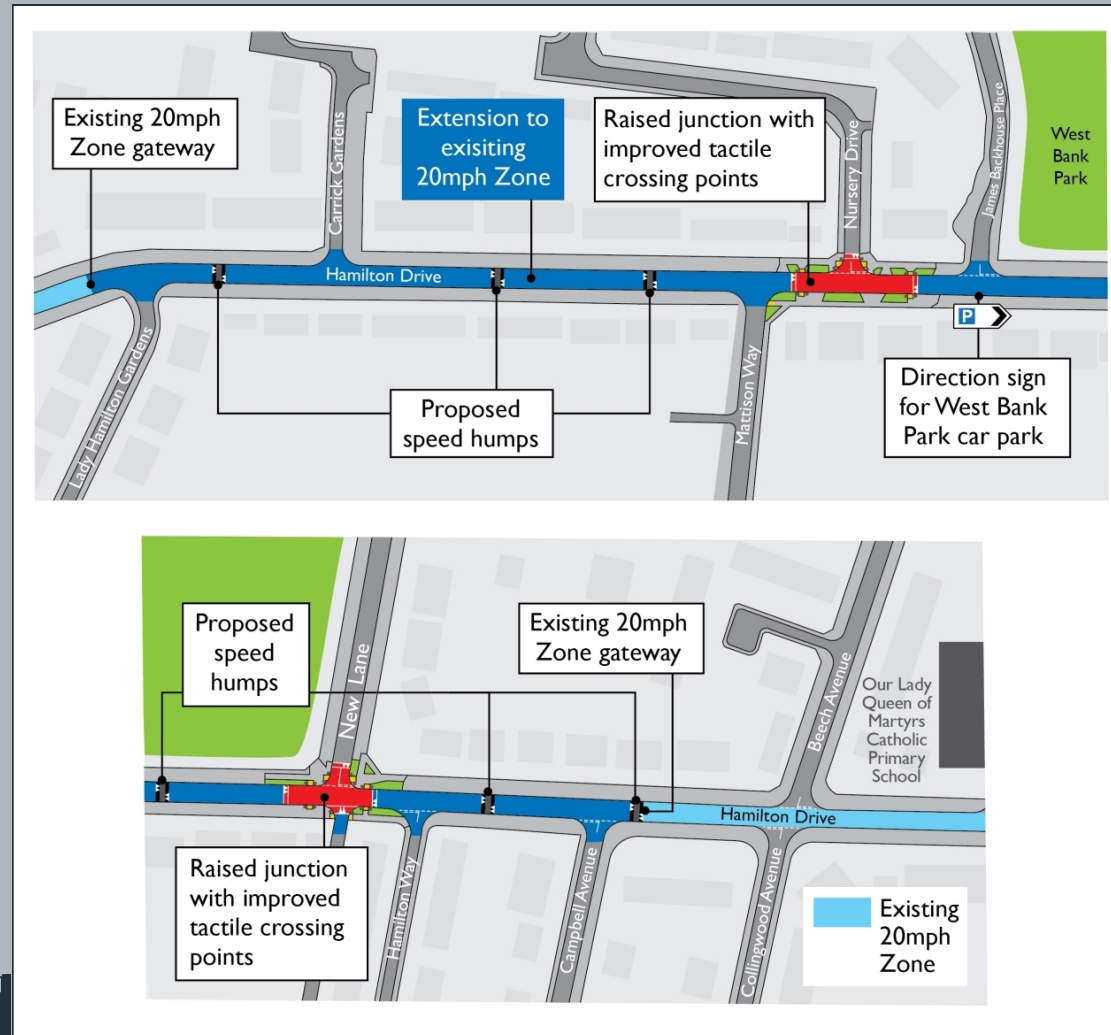

- Redesign school safety zone.
- Raising the road surface closer to footway level and change the feel of the area.
- Gateway buildouts to reduce traffic to single lane and reduce speed.
- Simplification of parking restrictions: double yellow lines with a loading ban for school start and finish times.

Working together to improve and make a difference

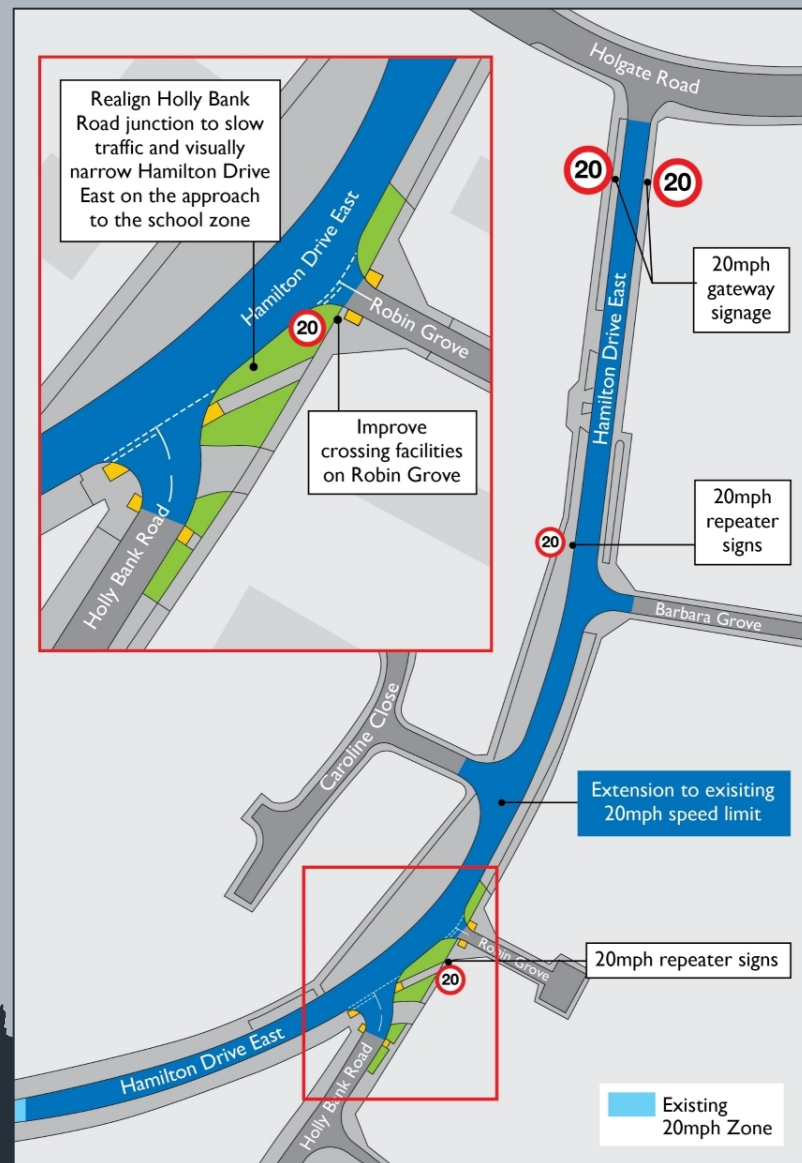

Hamilton Drive West

- Extend the 20mph zone through Hamilton Drive to connect with the existing 20mph zone on Hamilton Drive West.
- Install raised tables at New Lane and Nursery Drive to reduce speed.
- Install additional speed humps throughout the area.

Hamilton Drive East and Hollybank Road

- Realign the junction with Holly Bank Road to improve crossing facilities and reduce speed.
- Extend 20mph along Hamilton Drive East through to Holgate Road.

Working together to improve and make a difference

We are also considering...

- Provision of a Zebra Crossing, seeking views on preferred location;
 - Nursery Drive Junction – rear access to Acomb Primary School
 - New Lane junction area – to serve West Bank Park
 - Our Lady Queen of Martyrs School existing school crossing point
- Introduction of parking restrictions along the full length of Hamilton Drive to create a safer environment for cycling. This would support local residents and families cycling to both Acomb Primary and Our Lady Queen of Martyrs Catholic Primary School.

Next Steps

Additional drop-in sessions:

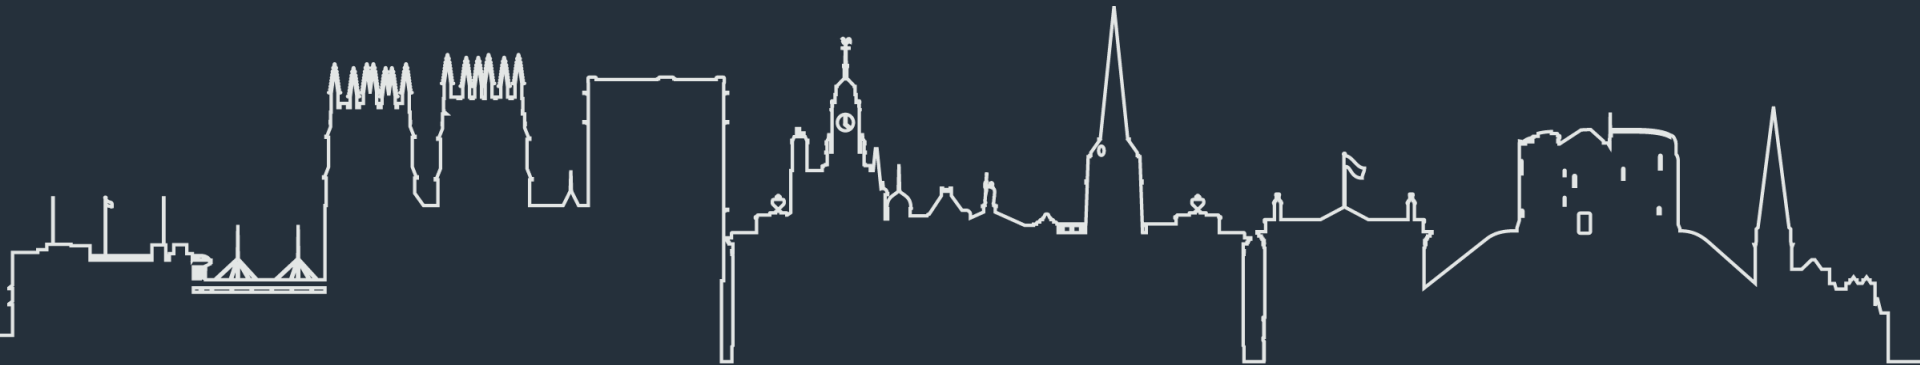

West Bank Park Summer Fair

Sunday 28 June – 1:00pm to 4:00pm

Holgate Methodist Church

Thursday 2 July – 4:00pm – 8:00pm

Consultation closes on Sunday 19 July 2026

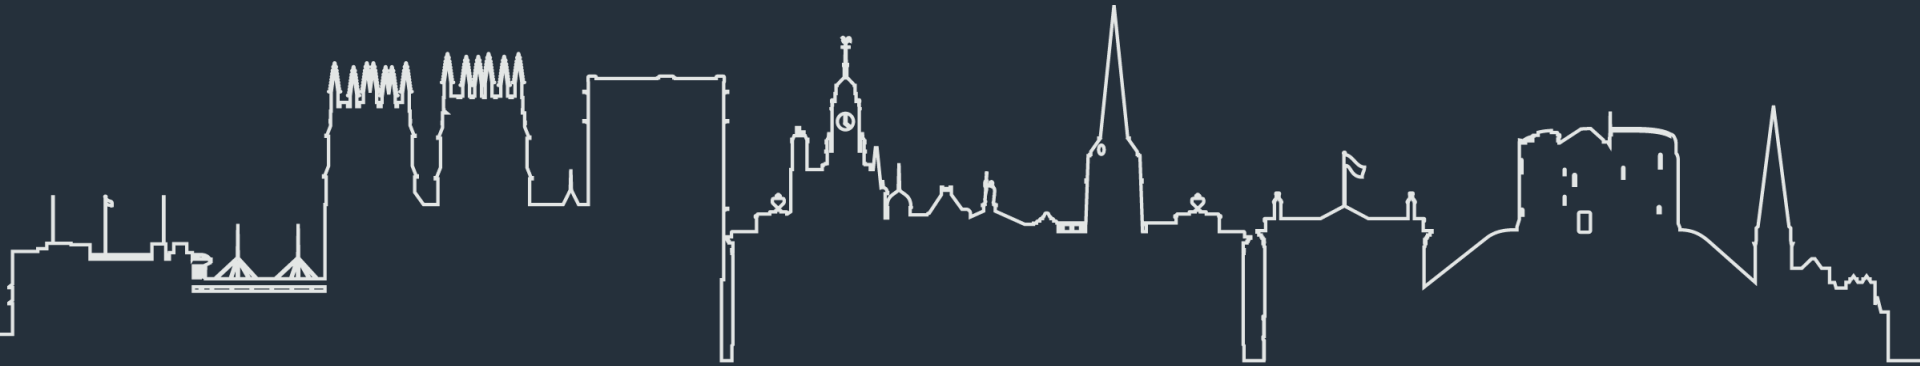

Next Steps

We will use your feedback to shape the scheme before we seek approval to advertise any associated traffic regulation orders and begin detailed design.

If successful we hope to construct in Summer 2027.
