

The Major Transformational Projects in York

York Northwest

York's biggest brownfield regeneration opportunity covering the York Central and British Sugar sites. New retail, offices, leisure and residential proposed including a new city centre quarter next to the railway station.

Castle Piccadilly

A major extension to York's retail core and creation of new world class civic space around the Eye of York.

Hungate

A major new city centre residential, business and leisure quarter including new community focal building.

University Expansion

A major expansion of York University onto a sensitive site on the edge of York.

Nestle South

Delivery of a major new residential and business quarter to regenerate former factory buildings and support Nestle's ongoing role in the city.

Terry's

Delivery of an employment-led mixed use development that protects the character of the former listed factory buildings and is of exemplary design.

New community stadium

A new community stadium for York as the home for York's rugby league and football clubs.

New Council offices

On a site close to York railway station.

Derwenthorpe

A model new residential community developed in partnership with the Joseph Rowntree Housing Trust.

Germany Beck

A major residential urban extension on the edge of York.
