## **Detail of Other Centrally Held Budgets**

These are budgets that are required to meet financial liabilities of a corporate nature or to create capacity to meet expenditure demands that occur periodically (for example a 53 week pay year).

|   | Net    | Projected | Variance |
|---|--------|-----------|----------|
|   | Budget | Out-turn  |          |
|   | £000   | £000      | £000     |
| Pensions - Costs of Early Retirements   | 694    | 926       |          |
| This is the cost of decisions made to allow staff to take early retirement in   |        |           |          |
| prior years, together with the implications of the '85-year' rule for both the  |        |           |          |
| Local Government Pension Scheme and the Teachers' Pension Scheme.               |        |           |          |
| The increased costs are due to new retirements under the latter.                |        |           | +232     |
| Redundancy Payments   | 644    | 691       |          |
| At the moment redundancy payments are expected to lower than the                |        |           |          |
| budget provided, but the saving is needed to compensate for the additional      |        |           |          |
| costs of retirements shown above.   |        |           | +47      |
| Park & Ride - provision for staff passes costs                                  | 52     | 52        |          |
| The budget included a saving to reduce the expenditure by £45k pa. It is        |        |           |          |
| not expected that this can be fully delivered in 2006/07, but is being looked   |        |           |          |
| at as part of the Job Evaluation exercise.                                      |        |           | -        |
| Reserve for 53 week pay year  | 59     | 59        |          |
| The next 53 week pay year is 2007/08. This money is set aside each year         |        |           |          |
| to meet these occasional costs to ensure that there is no additional            |        |           |          |
| expenditure pressure every 5 - 6 years.   |        |           | -        |
| Employer Superannuation Contributions to North Yorkshire Pensions Fund          | 121    | 121       |          |
| This represents the additional amount that is budgeted to meet the              |        |           |          |
| Council's liability on the fund.  |        |           | -        |
| Capital Programme running costs   | 351    | 51        |          |
| This is to fund the revenue consequences of specified capital schemes.          |        |           |          |
| When the development 'goes live' the money will be transferred to the           |        |           |          |
| service budget.   |        |           | -300     |
| Specific Contingency for Rental Income losses                                   | 46     | 46        |          |
| This money is set aside to compensate the revenue accounts where there          |        |           |          |
| is a loss of rental income due to an asset being sold to generate a capital     |        |           |          |
| receipt to support the capital programme. Currently it is not expected that     |        |           |          |
| the full sum will be required this year, but it will depend on the timing of    |        |           |          |
| disposals.  |        |           | -        |
| Specific contingencies set up as part of the budget process                     | 3,071  | 3,071     |          |
| This is the provision made for the costs of the job evaluation exercise. Any    |        |           |          |
| money not needed for the in-year costs of the project will be transferred to    |        |           |          |
| reserves to meet the future costs of decisions made.                            |        |           | -        |
| Other central provisions  | 807    | 726       |          |
| This includes specific contingency items set aside in the budget process        |        |           |          |
| which have not yet been allocated (e.g. fuel and nndr bill inflation, nndr bill |        |           |          |
| for new depot, rent reviews) and provision for bad and doubtful debts.          |        |           | -81      |
| Total   | 5,845  | 5,743     | -102     |
