

HIA Appendix 5: Strategic Sites, Housing & Employment Alternatives Appraisal

9 Land at corner of Common Road/Hascar Lane, Dunnington,
Option 2, Further Sites Consultation, Rapid Appraisal

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
9	0	0	0	-	-	-	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: This site is unlikely to have any significant impact upon this Principal Characteristic. However, the development of this site would have a minor impact on the compactness of Dunnington.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Currently a vacant site. Inappropriate scale or low quality architecture/craftsmanship will have a detrimental impact on the architectural legacy/character of Dunnington and York in general.</p> <p>The site is located adjacent to Dunnington Conservation Area. Inappropriate development may have an impact on the historic character/setting of the conservation area.</p> <p>Characteristic 5: No known archaeology on site. Internal field boundaries have been removed. Development will have a detrimental impact on any surviving archaeological deposits.</p> <p>Characteristic 6: Development on this site would affect the character of the southern boundary of the village. The original village has been surrounded by modern development. The southern entrance to the village remains relatively open.</p> <p>The site is currently vacant and prevents coalescence between the village and the nearby industrial estate. Development would result in a merger between the residential and</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: Further analysis and mitigation required.</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: Further analysis and mitigation required.</p>

9 Land at corner of Common Road/Hascar Lane, Dunnington,
Option 2, Further Sites Consultation, Rapid Appraisal

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

30 Land at Intake Lane, Dunnington,
Option 2, Further Sites Consultation, Rapid Appraisal

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
30	○	○	○	-	-	--	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Currently a vacant site. Inappropriate scale or low quality architecture/craftsmanship will have a detrimental impact on the architectural legacy/character of Dunnington and York in general.</p> <p>Characteristic 5: No known archaeology on site. Deposits may relate to the agricultural use of the site during the medieval period onwards. Development will have a detrimental impact on any surviving archaeological deposits.</p> <p>Characteristic 6: Development on this site would affect the character of the south eastern boundary of the village. Intake Lane forms a sensible containment to the village.</p> <p>The setting of Dunnington may also be affected as the proposed site is within one of the few remaining strip fields related to the village. The three fields south of Intake Lane, including the western and eastern boundaries of the proposed site are likely medieval in date. Development may destroy the surviving rural nature and the remaining strip field element on the south side of Intake Lane.</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: None</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: Further analysis and mitigation required.</p>

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

61 Salisbury Road former bowling green,
Option 2, Further Sites Consultation, Rapid Appraisal

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
61	○	○	○	-	-	-	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Inappropriate scale or low quality architecture/craftsmanship will have a detrimental impact on the architectural legacy/character of York.</p> <p>Characteristic 5: Site of former 20th century bowling green. Development will have a detrimental impact on any surviving archaeological deposits.</p> <p>Development may have a detrimental impact on the setting of the Grade II listed War Memorial on Salisbury Road.</p> <p>Characteristic 6: This site forms part of the green infrastructure along Water End which links to the River Ouse. Development would remove part of this green infrastructure.</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: None</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: Further analysis and mitigation required.</p>

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

81 Horticulture nursery site adjoining Bull Commercial Centre,
Stockton on the Forest, Option 2, Further Sites Consultation, Rapid Appraisal

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
81	○	○	○	-	-	-	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Inappropriate scale or low quality architecture/craftsmanship will have a detrimental effect on the architectural legacy of Stockton on the Forest and York in general.</p> <p>Characteristic 5: There is the potential for features and deposits associated with Roman road on this site.</p> <p>Development of the site would have a detrimental impact on any surviving archaeological deposits or visible landscape features.</p> <p>Characteristic 6: Part of this site has already been developed. Further development would further reduce the distance between Stockton on the Forest and outlying buildings/garden centre.</p> <p>The character of Stockton Lane and the natural environment of the Beck may be negatively effected by the further development of this site.</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: None</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: Further analysis and mitigation required.</p>

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

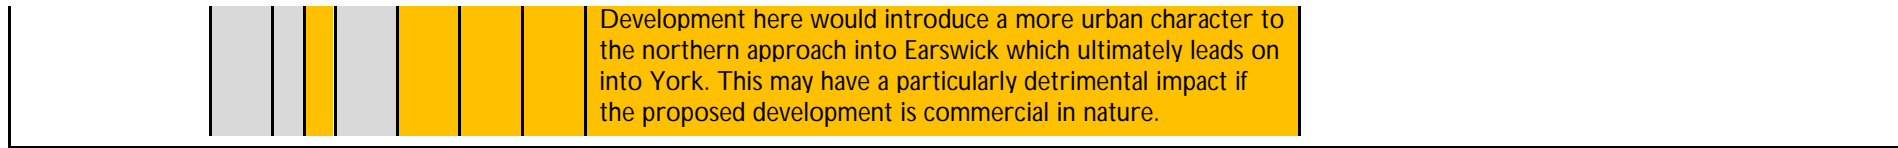

87 Wills and Ellis Garage,
Option 2, Further Sites Consultation, Rapid Appraisal

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
87	○	○	○	- ○	- ○	○	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Site currently occupied by a garage. Re-development may improve the current site. The site is located within an area of a mixture of modern development and is located some way from the city centre. However, inappropriate scale or low quality architecture/craftsmanship will have a detrimental impact on the architectural legacy/character of York.</p> <p>Characteristic 5: Development will have a detrimental impact on any surviving archaeological deposits. Construction of the existing garage will have already had a damaging effect on any archaeology.</p> <p>Characteristic 6: This site is unlikely to have any impact upon this Principal Characteristic. The proposed site is adjacent to a roundabout on the ring road. The site and immediate area surrounding the roundabout are already developed.</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: None</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: None</p>

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
101	0	0	0	-	-	-	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: Development of this site would have a negligible-minor impact on the original form of the village of Earswick. It would remove another part of the open countryside surrounding the settlement.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Site is currently vacant. Inappropriate scale or low quality architecture/craftsmanship will have a detrimental impact on the architectural legacy/character of Earswick and York in general.</p> <p>Characteristic 5: The proposed development site appears to have never been developed.</p> <p>Development site occupies part of a medieval strip field associated with the village of Earswick.</p> <p>Ridge and furrow has been identified on the site from historic aerial photographs.</p> <p>Development will have a detrimental impact on any surviving archaeological deposits which may relate to the original village or historic landscape features.</p> <p>Characteristic 6: This site contributes to the open countryside which partly surrounds Earswick.</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: Further analysis and mitigation required.</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: Further analysis and mitigation required.</p>

101 Land at Earswick, Rapid Appraisal

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
111	O	--	O	-	-	--	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: The development of this site would have a detrimental impact upon the compactness of York.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Site is currently vacant. Inappropriate scale or low quality architecture/craftsmanship will have a detrimental impact on the architectural legacy/character of York.</p> <p>Characteristic 5: Development will have a detrimental impact on any surviving archaeological deposits or historic landscape features.</p> <p>The western boundary and watercourse forming the southern boundary of the site are shown on the 1852 OS map.</p> <p>Characteristic 6: This site contributes to the open countryside and rural setting of York. Its development will adversely affect the rural character of this area surrounding the ring road. It may also impact upon the character/setting of the few scattered farmsteads in this area.</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: Further analysis and mitigation required.</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: Further analysis and mitigation required.</p>

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
130	C+	O	- +	-	-	+	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic. Development on this site provides an opportunity to improve the appearance/character of this area.</p> <p>Characteristic 2: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 3: Views/glimpses of The Minster are likely from this site. Key View 9: Clifton Ings was identified in the York Historic Core Conservation Area Appraisal from the area immediately east of this site. Development may impact upon these views. However, there may be an opportunity to reveal views of The Minster through new development.</p> <p>Characteristic 4: Inappropriate scale or low quality architecture/craftsmanship of either residential or commercial buildings will have a detrimental effect on the character of York. However, this approach by rail into York is already surrounded by modern residential and commercial/industrial buildings.</p> <p>Characteristic 5: There are no known archaeological deposits on this site. The construction of the waterworks will have had a detrimental impact on any surviving archaeological deposits. However, pockets of archaeology may survive. Re-development will have a destructive impact upon any surviving deposits.</p> <p>Characteristic 6: Views/glimpses of The Minster may be possible from this site. May be opportunity to reveal views of The Minster through new development.</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: None</p> <p>Characteristic 3: Further analysis and mitigation required.</p> <p>Characteristic 4: Further analysis/information and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: None</p>

130 Land at Acomb waterworks, Rapid Appraisal

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
136	O	O-	O	-	-	O	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: This site is unlikely to have a significant impact upon this Principal Characteristic. However, the location of this site may have an impact on the compactness/contained concentric form of Dunnington.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Site is currently vacant. Inappropriate scale or low quality architecture/craftsmanship will have a detrimental impact on the architectural legacy/character of Dunnington and York in general.</p> <p>Characteristic 5: No known archaeology on site. Deposits may relate to the agricultural use of the site during the medieval period onwards. Field boundaries are likely to be post-medieval in date. Development will have a detrimental impact on any surviving archaeological deposits.</p> <p>Characteristic 6: This site is unlikely to have any impact upon this Principal Characteristic.</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: Further analysis and mitigation required.</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: None.</p>

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

137 Land at Heworth Croft,
Option 2, Further Sites Consultation, Rapid Appraisal

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
137	○	○	○	-	--	-	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Proposed development is adjacent to Heworth Green/East Parade Conservation Area. Inappropriate scale or low quality architecture/craftsmanship of either residential or commercial buildings will have a detrimental effect on the character of Heworth and York.</p> <p>Characteristic 5: This site falls within Heworth Area of Archaeological Importance. There are known Roman burials on this site located during the construction of the railway in the 1870s. The Foss Islands Branch runs on the eastern boundary of the proposed development site. Development on this site would potentially disturb any remaining burials or other unknown archaeological deposits.</p> <p>There are also interesting garden landscape features on this site.</p> <p>Characteristic 6: This site is part of the River Foss Corridor. The open nature of the area by the Foss remains despite the current sports pitch development.</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: None</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further analysis/information and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: Further analysis and mitigation required.</p>

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

147 Fields to east of B1363, Wigginton, Rapid Appraisal

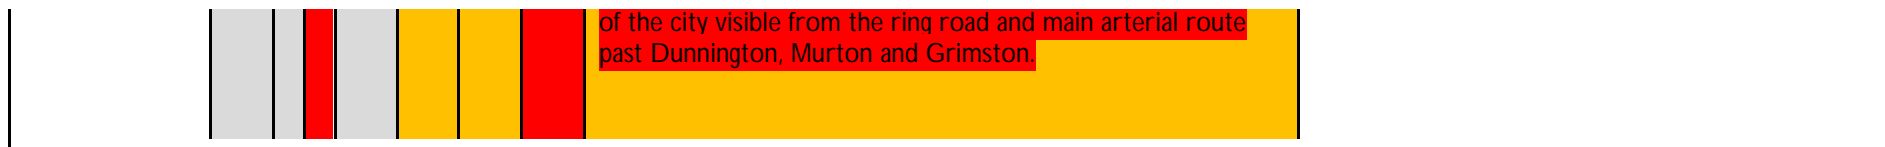

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
147	0	0-	0	-	-	-	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: Development here would impact upon the compactness of Wigginton/Haxby spreading westwards of Westfield Lane.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Site is currently vacant. Inappropriate scale or low quality architecture/craftsmanship of either residential or commercial buildings will have a detrimental effect on Haxby and York in general.</p> <p>Characteristic 5: Ridge and furrow shown on historic aerial photographs. Field boundaries forming and across the site are probably post-medieval/19th century in date. Development will have a detrimental impact on any surviving archaeological deposits or landscape features.</p> <p>Characteristic 6: Development within these fields will remove an element of open countryside immediately surrounding Wigginton and Haxby. This may have an impact on the rural setting/character of the area particularly impacting upon Plantation Farm and Villa Farm within the immediate vicinity. Several other scattered farmsteads are also located nearby.</p> <p>Development would slightly reduce the distance between Skelton and Wigginton/Haxby.</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: Further analysis and mitigation required.</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: Further analysis and mitigation required.</p>

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

160 Land at Grimston Bar,
Option 2, Further Sites Consultation, Rapid Appraisal

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
160	0	0	0	-	-	--	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: Proximity to major intersection of the A64 will harm perception of compact city.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Site is currently vacant. Inappropriate scale or low quality architecture/craftsmanship will have a detrimental effect on the architectural legacy of York.</p> <p>Characteristic 5: Possible ring ditch and prehistoric tracks/enclosures beneath the remains of medieval ridge and furrow. Other prehistoric and Romano-British features known in immediate vicinity.</p> <p>Development of the site would have a detrimental impact on any surviving archaeological deposits or visible remains.</p> <p>Characteristic 6: The distance between the urban fringes of the city and outlying farms and the Livestock Centre will be reduced by development in this area.</p> <p>This site is isolated and comes up against three major routes. Development here would have a negative impact on the setting of the city.</p> <p>Development will further diminish the character and rural setting of cluster of farmsteads and associated fields at Grimston either side of the A64 that form part of the setting</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: Further analysis and mitigation required.</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: Further analysis and mitigation required.</p>

160 Land at Grimston Bar,
Option 2, Further Sites Consultation, Rapid Appraisal

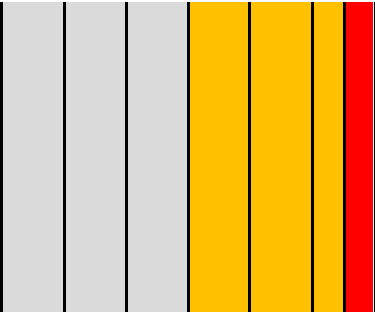

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

161 Land at Murton Lane Industrial Estate,
Option 2, Further Sites Consultation, Rapid Appraisal

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
161	○	○	○	-	-	-	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Site is currently vacant. Inappropriate scale or low quality architecture/craftsmanship will have a detrimental impact on the architectural legacy/character of Murton/Dunnington and York generally.</p> <p>Characteristic 5: Ridge and furrow is shown on historic aerial photographs- current condition unknown. Post-medieval field boundaries (shown on the 1852 OS map) exist on the site.</p> <p>Potential for the survival of late prehistoric and Romano British deposits.</p> <p>The former Derwent Valley Light Railway forms the northern boundary of this site.</p> <p>Development will have a detrimental impact on any surviving archaeological deposits or historic landscape features.</p> <p>Characteristic 6: Development on this site would create an 'urban' area, reducing the rural space between the villages of Murton and Dunnington.</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: None</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: Further analysis and mitigation required.</p>

161 Land at Murton Lane Industrial Estate,
Option 2, Further Sites Consultation, Rapid Appraisal

	<p>The site would be perceived as a significant urban extension and would impact upon the setting of the city from the arterial road.</p> <p>This area forms part of the open countryside surrounding York and the nearby villages albeit that it is close to Murton Lane Industrial Estate.</p> <p>Development on this site would have a negative effect on the local rural views from Stamford Bridge Road.</p>
---	---

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required	
	1	2	3	4	5	6			
163	0	0	-	--	--	--	0	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: This area can be identified as a commercial area originally all related to the railway including the former railway station (now West Offices) bounded by the City Wall and Toft Green/Tanner Row. Several offices still do serve the railway such as Network Rail. Unsuitable development in this small, distinct area would have an impact on its identifiable nature.</p> <p>Characteristic 3: Several listed and scheduled buildings and monuments in vicinity. The area borders part of the City Wall (Grade I listed and a Scheduled Ancient Monument). The site is also within close proximity of Grade II and II* Listed Buildings. Development here may impact upon the setting/significance of these buildings and structures.</p> <p>Inappropriate development may obscure views of city landmarks such as the Minster or City Wall.</p> <p>Characteristic 4: The proposed development site is located within the Central Historic Core Conservation Area. Inappropriate scale or low quality architecture/craftsmanship of either residential or commercial buildings will have a detrimental effect on the character of the historic core of York.</p> <p>Development will be highly visible from the City Walls therefore there is a need for high architectural quality.</p> <p>Although the extant building of Hudson House is not</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: Further analysis and mitigation required.</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further analysis/information and mitigation required.</p>

								<p>particularly attractive it is one of only a few 1960s, concrete buildings in the city which is currently occupied. Removal of all of these buildings may have a minor detrimental impact on the variety of architecture in the city.</p> <p>Opportunity to improve current area occupied by Hudson House.</p> <p>Characteristic 5: Proposed site is within the City Centre Area of Archaeological Importance. The site falls partly within the former Dominican Friary. The area is also well known for significant Roman finds including high status structures/buildings.</p> <p>19th century railway development and subsequent 20th century development will have had a detrimental impact on archaeological remains. However, it is possible that some may still survive within the proposed development site. Further development will have a detrimental impact on any archaeological features.</p> <p>Characteristic 6: This site is unlikely to have any impact upon this Principal Characteristic.</p>	<p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: None</p>
--	--	--	--	--	--	--	--	---	--

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

165 Land at Westfield Lane, Wigginton,
Option 2, Further Sites Consultation, Rapid Appraisal

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
165	○	○	○	-	-	--	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Currently a vacant site. Inappropriate scale or low quality architecture/craftsmanship will have a detrimental impact on the architectural legacy/character of Wigginton and York in general.</p> <p>Characteristic 5: Historic hedgerows border the site shown on the First Edition OS plan 1852.</p> <p>Development will have a detrimental impact on any surviving archaeological deposits and existing landscape features.</p> <p>Characteristic 6: Part of an extended Green Wedge area leading to city centre. Development would remove part of this green wedge which has been recently recognised as being important to the historic character and setting of the city.</p> <p>Site forms part of the open countryside and rural setting of Wigginton. Development will remove an element of this open countryside and rural setting.</p> <p>This site forms part of the historic strip fields forming part of the village setting to Wigginton. Development of the site would result in the partial loss of this setting although the best</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: None</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: Further analysis and mitigation required.</p>

165 Land at Westfield Lane, Wigginton,
Option 2, Further Sites Consultation, Rapid Appraisal

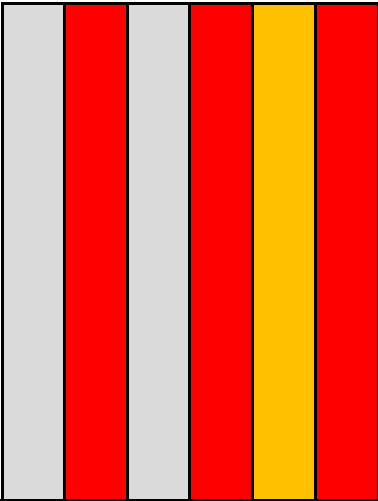

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

171 Lime Tree Farm, Heslington,
Option 2, Further Sites Consultation, Rapid Appraisal

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
171	O	--	O	--	-	--	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: Development here may impact upon the identity and compact characteristic of Heslington village as it would substantially enlarge its residential area.</p> <p>Development of this site will further erode the planned village form of Heslington by removing the open area which separates Main Street (running N-S) and late 20th century development to the south-west of the village. The nature of the rural back lanes will also be destroyed by development to the rear of the two Main Streets.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Inappropriate scale or low quality architecture/craftsmanship of either residential or commercial buildings will have a detrimental effect on Heslington and York in general.</p> <p>This site is within Heslington Village Conservation Area. Inappropriate development will have a significant impact upon the character/setting of Heslington.</p> <p>Several listed (Grade II and II*) buildings border the proposed development site. Development may impact upon the setting/character of these buildings.</p> <p>Characteristic 5: High quantity legible non designated landscape features exist across the site dating to the medieval</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: Further analysis and mitigation required.</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p>

171 Lime Tree Farm, Heslington,
 Option 2, Further Sites Consultation, Rapid Appraisal

	<p>and post-medieval period. Development will have a detrimental impact on any surviving archaeological deposits and landscape features.</p> <p>Development on the site which did not retain/respect the existing visible historic grain would be detrimental to the area.</p> <p>Characteristic 6: This site forms part of the setting of the original village of Heslington. It helps define its character and form. The identity of the village is reinforced by this area of land which separates Main Street from the modern development.</p> <p>The site incorporates part of Boss Lane, a medieval lane. Development may have a detrimental impact upon its natural/rural setting.</p>	<p>Characteristic 6: Further analysis and mitigation required.</p>
---	--	---

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

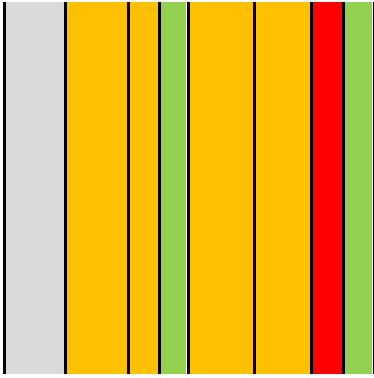

191 Land off Avon Drive, Huntington,
Option 2, Further Sites Consultation, Rapid Appraisal

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required

St Leonard's was the largest medieval hospital outside London. It played a significant role in the religious and civic life of the medieval city. The limited archaeological work which has taken place on the site demonstrates the presence of and further potential for well-preserved, waterlogged organic deposits of medieval date on this site.</p> <p>Acomb Grange is therefore a rare and important site both in a national context and in the context of the medieval archaeology of the City of York. The important historical association, the well-preserved medieval waterlogged deposits,</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: Further analysis and mitigation required.</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p>

778 Land west of Chapelfields,
Option 2, Further Sites Consultation, Rapid Appraisal

	<p>and the surviving medieval topographic and landscape features make this site an unscheduled site of national importance.</p> <p>Development will have a detrimental impact on any surviving archaeological deposits.</p> <p>Characteristic 6: The development of this site will adversely affect the rural setting west of York by removing the green interface between the ring road and urban fringes of the city.</p> <p>The distance between York's suburbs and scattered farmsteads to the west of the ring road will also be reduced by development here – impacting upon their rural setting/character.</p> <p>Semi-rural character and views from Grange Lane would be impacted upon by development to the fields either side of it.</p>	<p>Characteristic 6: Further analysis and mitigation required.</p>
---	--	---

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

786 Land at A64, London Bridge Site 1b,
Option 2, Further Sites Consultation, Rapid Appraisal

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
786	0	--	0	-	-	--	<p>Characteristic 1: This site is unlikely to an impact upon this Principal Characteristic.</p> <p>Characteristic 2: The development of this proposed site would have a negative impact upon the compactness/contained concentric form of the city. The site is isolated and located away from the current urban fringe.</p> <p>Characteristic 3: This site is unlikely to an impact upon this Principal Characteristic.</p> <p>Characteristic 4: Inappropriate scale or low quality architecture/craftsmanship will have a negative impact on the perception of the city when approaching from the south-west.</p> <p>Characteristic 5: The site is located alongside a Roman Road and contains historic field boundaries.</p> <p>Ridge and furrow may be present on the site – possibly poor condition/sub surface.</p> <p>Bond Hill Farm dates to at least the mid 19th century and is shown on the First Edition OS plan. Development in this area would impact upon what remains of its rural setting. It may also result in the demolition of the farm.</p> <p>Development will have a detrimental impact on any surviving archaeological deposits or remaining landscape features.</p> <p>Characteristic 6: The development of this site will slightly reduce the distance between Copmanthorpe and York urban fringe. The current distance serves as a distinct division</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: Further analysis and mitigation required.</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: Further analysis and mitigation required.</p>

786 Land at A64, London Bridge Site 1b,
Option 2, Further Sites Consultation, Rapid Appraisal

Key: Characteristic 1: Strong urban form, 2: Compactness, 3: Landmark monuments, 4: Architectural character, 5: Archaeological complexity and 6: Landscape and setting

Site	Characteristics						Current contribution and likely impacts	Mitigation /further analysis required
	1	2	3	4	5	6		
788	○	○	○	-	-	--	<p>Characteristic 1: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 2: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 3: This site is unlikely to have any impact upon this Principal Characteristic.</p> <p>Characteristic 4: Currently a vacant site. Inappropriate scale or low quality architecture/craftsmanship will have a detrimental impact on the architectural legacy/character of Wigginton and York in general.</p> <p>Characteristic 5: Historic hedgerows exist within the site shown on the First Edition OS plan 1852.</p> <p>Ridge and furrow may also exist on the site – condition unknown.</p> <p>Development will have a detrimental impact on any surviving archaeological deposits and existing landscape features.</p> <p>Characteristic 6: Part of an extended Green Wedge area leading to city centre. Development would remove part of this green wedge which has been recently recognised as being important to the historic character and setting of the city.</p> <p>Site forms part of the open countryside and rural setting of Wigginton. Development will remove an element of this open countryside and rural setting.</p>	<p>Characteristic 1: None</p> <p>Characteristic 2: None</p> <p>Characteristic 3: None</p> <p>Characteristic 4: Further information/analysis required and mitigation required.</p> <p>Characteristic 5: Further analysis and mitigation required.</p> <p>Characteristic 6: Further analysis and mitigation required.</p>

788 Westfield Lane, Wigginton,
Option 2, Further Sites Consultation, Rapid Appraisal

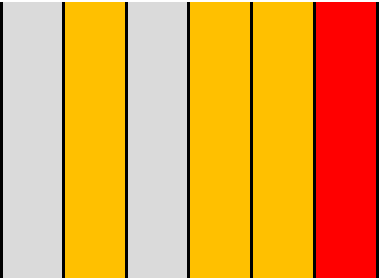

█	█	█	█	█	█	█	<p>This site contains part of the historic strip fields forming part of the village setting to Wigginton. Development of the site would result in the partial loss of this setting although the best preserved features lie immediately to the south.</p> <p>Development here would also slightly accentuate the urban character on Wigginton Road.</p>
